

ATTACHMENT D SECTION III K

| Name of Subcommittee or Advisory Committee | Size/Composition/How are members appointed? | Purpose/Duties   | Legal Basis for Committee |
|--|---|--|---------------------------|
| Auricular Detox Committee                  | 4 appointed by the Chair                    | Facilitates interfacing with CADS and CADS supervisors per 16.2.16.  |                           |
| Complaint Committee                        | 2 appointed by the Chair                    | Meets with Board Investigator to review complaints and make recommendations to the BAOM for disposition. Identities are anonymous and members do not vote.   |                           |
| Education committee                        | 2 appointed by the Chair                    | Evaluate and Review applications for approval of an Educational Program leading to a graduate degree in acupuncture and oriental medicine.   |                           |
| Exam Committee                             | 3 appointed by the Chair                    | Twice a year, the Exam committee works with Keda Stella, an outside company contracted to oversee the examination process, including training of board examiners. And, twice a year, the Exam committee works with Southwest Acupuncture College to ensure space and location is secured within 6 months of the next exam.   |                           |
| Initial Licensing Committee                | 3 appointed by the Chair                    | Review applications for initial licensure as a NM DOM per 16.2.3, 16.2.5, 16.2.14, 16.2.17, and 16.2.21. Members will work with board administrator as needed, as often as bi-weekly, to ensure all questions, concerns and inquiries receive a thorough review and timely response.   |                           |
| Legislative Committee                      | 3 appointed by the Chair                    | Meets annually, and as needed during the legislative session to review any proposed legislation that might affect acupuncture and oriental medicine. Proposed legislation, if any, must be presented to the BAOM at least 6 months prior to the legislative session, in order to ensure adequate time for RLD to review and prepare. Committee members will perform lobbying functions if indicated. |                           |
| Rules Committee                            | 5 appointed by the Chair                    | Review proposed language changes for consistency, clarity, professional ethical standards at least quarterly.  |                           |
| Rx-Expanded Practice committee             | 3 appointed by the Chair                    | Reviews expanded practice education course work for certification and continuing education for CEU's for maintenance of expertise per parts 16.2.9, 16.2.18, 16.2.19,  |                           |

ATTACHMENT D SECTION III K

|                             |                          |   |  |
|-----------------------------|--------------------------|---|--|
|                             |                          | and 16.2.20.  |  |
| Rx-BAOM/BOP Joint Committee | 3 appointed by the Chair | Works closely with the BOP to ensure all formulary items are clear, that all educational coursework meets quality and safety standards, and to establish clear lines of communication. Beginning in 2009, the BAOM Rx/BOP Joint Committee supported clarification created and clarified a Formulary has created education guidelines for certification in each of the 4 areas of expanded practice. This work created clear educational guidelines and expectations for the Expanded Practice coursework required for certification in expanded practice. |  |
