

PROBATION & PAROLE

Community Client Services

PAROLE PLAN – REENTRY

- ◆ Reentry meetings are held in the facility with the team and each inmate discussing their needs to include mental health, education, employment, substance history and housing plans. Inmates work with their Classification Officer and Transitional Coordinator to create a transition plan 6 months prior to projected release date (PRD).
- ◆ The plan is then sent to the Probation/Parole Department. The inmates needs are reviewed again by the Transitional Coordinator and the plan is sent to the proper unit for investigation (sex offender, community corrections, intensive supervision, high risk, standard supervision).
- ◆ The Parole Plan is investigated by Officers. PPD Officers visit the home and speak to family/friends if to a private residence. PPD Officers visit and speak to programs or transitional residences to confirm approved placement.
- ◆ Upon approval of an address additional conditions of supervision can be recommended by the Officers (ex: GPS, substance use treatment, counseling assessment, parenting, etc).

Where will an Inmate live?

We consider which location would give them the best chance of success.

Options:

Private Residence: living with friends or family

Halfway House

Transitional Living Facility

In-patient Program Setting

Housing Options

In-Patient Program

- ◇ Example: Recovery Academies / Delancy Street
- ◇ Housing with 24/7 supervision
- ◇ Staff on site offering assistance through programming (RDAP), counseling and case management
- ◇ On site drug and alcohol testing
- ◇ Contact regularly between PPD and staff monitoring behavior and compliance.

Transitional Living Program

- ◇ Example: Dismas / Crossroads (Maya's & Pavilions)
- ◇ Housing with 24/7 supervision
- ◇ Staff on site offering assistance through programming and case management

Housing Options Cont.

◆ **Halfway Houses**

- ◆ Example: Transition for Living
 - ◆ No programming or counseling offered on site
 - ◆ Staff on site offering limited case management / employment assistance
-
- ◆ Expectation is to reside at any parole residence for 6 months. If stable (working/compliant) can possibly discuss with Parole Board to move sooner.
 - ◆ Housing costs can be covered by NMCD for clients if needed. Normally NMCD covers anywhere between 1 to 3 months for those exiting incarceration. Funding is on a case by case basis depending on employability or client needs (medical / mental health issues).

Once Released

- ◇ Report to Probation and Parole Office in their city upon release – Intake completed, resources provided if needed (bus pass, Walmart card, hygiene) – Assigned to a Probation Parole Officer.
- ◇ Check into their housing location if being housed in a transition or program setting and get established with the program
- ◇ Compas Assessment completed to assess Risk/Need for each client and case plans are built by PPO and client. Services are then offered based on those needs and referrals are completed by the Officer to community providers.

RESOURCES – RESOURCES - RESOURCES

PPO's can assist with:

- ◇ Referrals to treatment / counseling services
- ◇ Housing
- ◇ Rental Assistance / Utility Pmts
- ◇ Food
- ◇ Transportation
- ◇ Hygiene
- ◇ Clothing
- ◇ Referrals to Peer Support
- ◇ Childcare Services – CYFD
- ◇ Guidance for obtaining vital records (ID/BC/SS Card)
- ◇ Guidance for health services – connect client with MCO's (Medicaid)
- ◇ Employment / Education

Service Referrals

Referrals for Services:

Can be made from facility staff for an inmate releasing – normally done with those with high mental health needs to ensure continuation of care and medication needs are met.

Can be made by Probation/Parole Officer in the community based on the clients assessed needs and / or to comply with the orders of the Court or Parole Board.

Clients can also request services if they need additional assistance with treatment, counseling, housing, etc.

Can be made by Peer Support Workers as they work in collaboration with a client in the community.
