

Did you know
that tourism generates
hundreds of millions
of tax dollars to help
fund jobs like my job,
and yours?

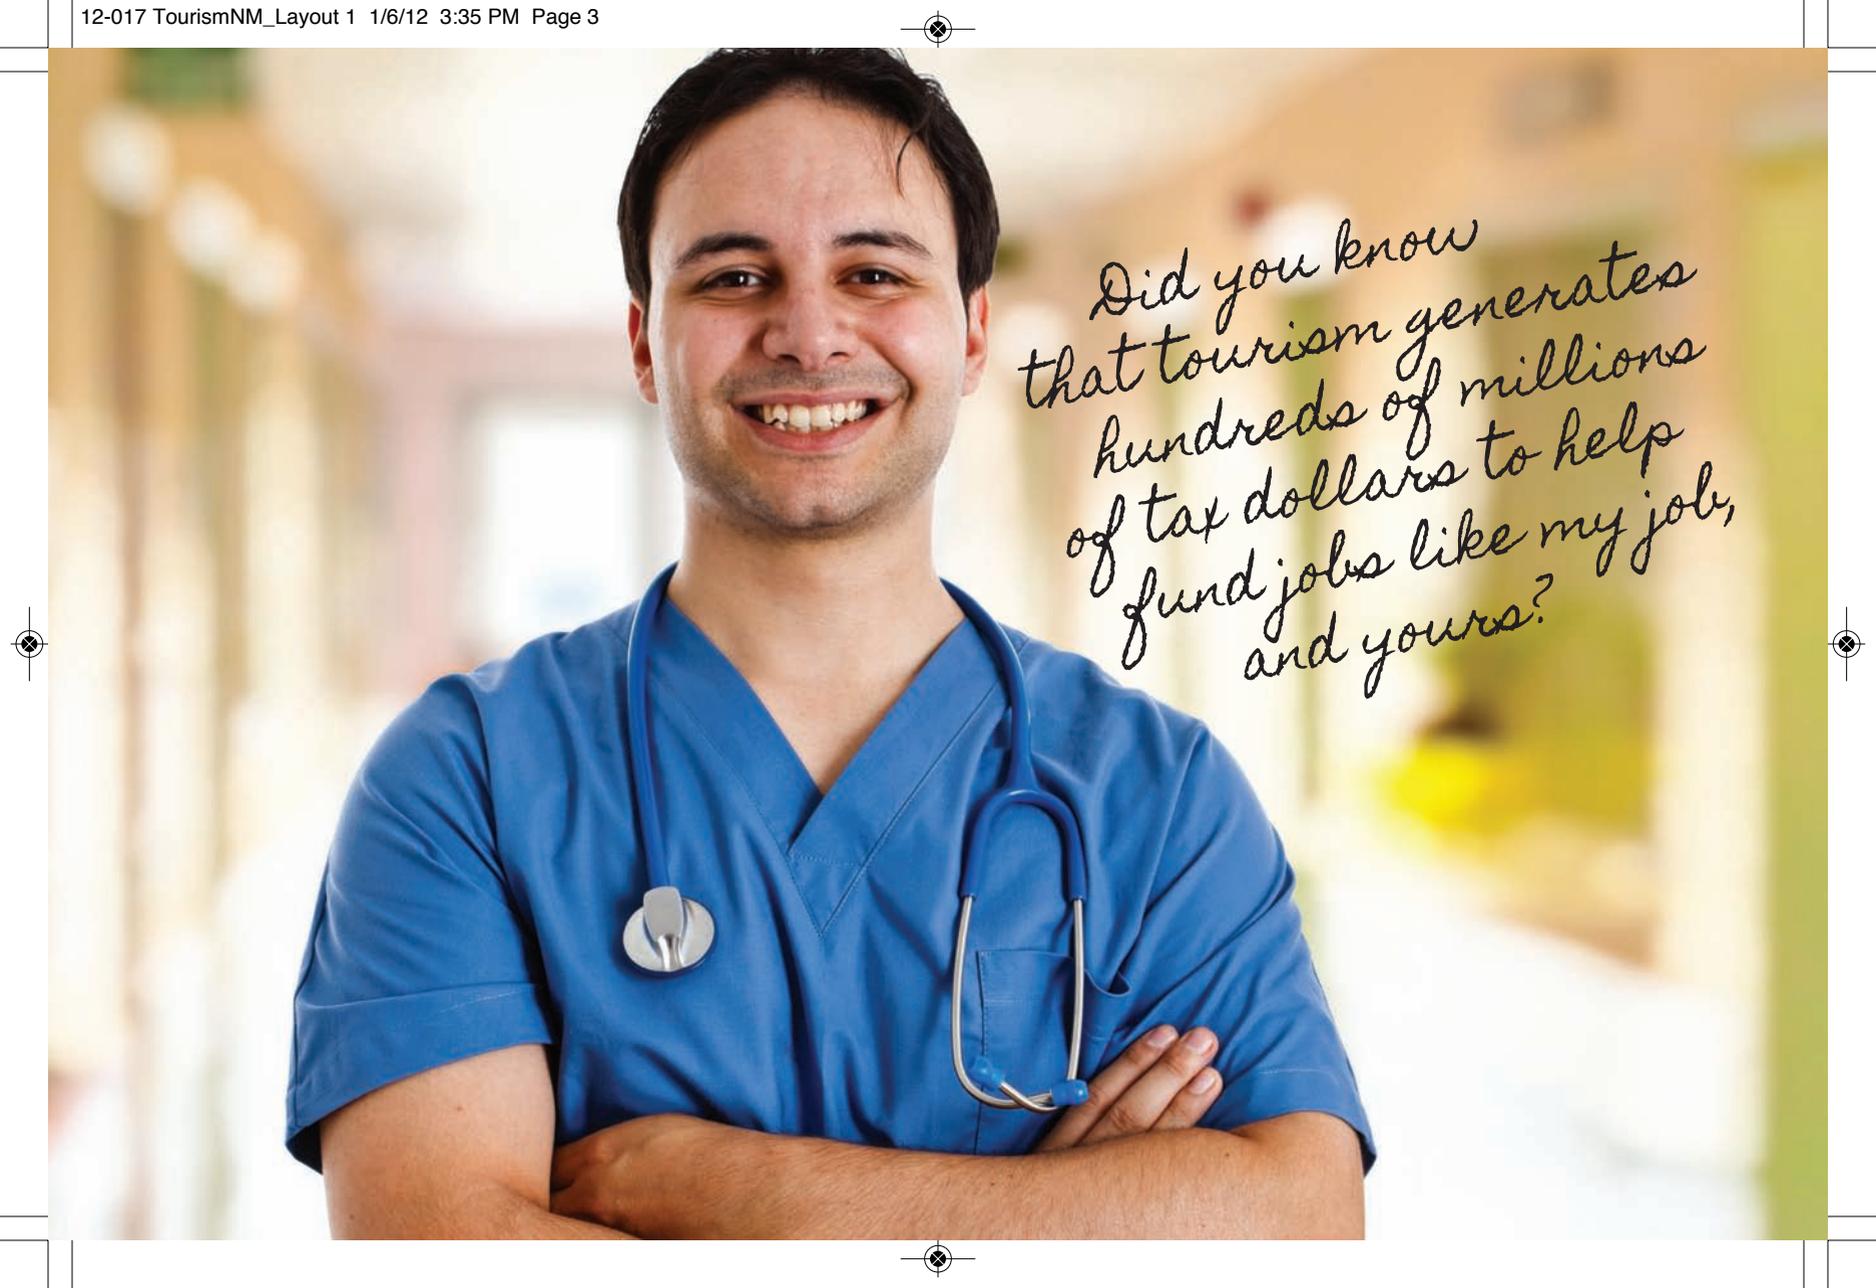

We all know that the tourism industry is one of New Mexico's largest providers of jobs and brings in hundreds of millions of dollars in tax revenues. But did you know that these revenues go to help provide jobs to our teachers, firefighters, police and public programs like Medicaid, and public education for our children. New Mexico tourism touches us all!

Visit SupportTourismNM.com
and hear it from fellow New Mexicans.
