PERMANENT/ENDOWMENT FUND OVERVIEW

Land Grant Permanent Fund (LGPF)

- •Established in 1912 when New Mexico became a state; made up of 21 different permanent funds, each belonging to a separate beneficiary
- •Receives royalties for mineral production on state trust lands oil and gas revenues make up about 99% of contributions
- •Distribution policy set in the NM Constitution distributes 6.25% of the five-year rolling average from the permanent school fund of the LGPF (5.5% for common schools and .75% for early childhood); all other funds in the LGPF distribute 5% of the five-year rolling average to each beneficiary

Severance Tax Permanent Fund (STPF)

- •Established in 1973 as the depository for severance taxes not being used to repay capital outlay projects
- •Receives severance tax revenue not otherwise used for bonding capacity for capital outlay projects
- •Beginning in FY25: receives excess oil and gas emergency school tax and federal mineral leasing revenues above certain threshold
- •One-time legislative appropriation of \$475 million in 2023
- •Distribution policy set in the NM constitution distributes 4.7% of the five-year rolling average to the general fund (unearmarked)

Tax Stabilization Reserve (TSR)

- •Transferred to SIC management in 2019 and transformed into a state reserve fund commonly known as the state's "rainy day" fund
- •Receives Oil and Gas Emergency School Tax revenue above the five-year average, if total general fund reserves are less than 25% of recurring appropriations
- •Money in the TSR may be appropriated to shore up the general fund budget in the event of a revenue downturn, or by a 2/3 vote of the House and Senate

Early Childhood Education and Care Fund (ECECF)

- •Created in 2020 to provide recurring revenue to support early childhood education and care services
- •Receives Oil and Gas Emergency School Tax revenue above the five-year average, if total general fund reserve balances are more than 25% of recurring appropriations; and receives revenue from Federal Mineral Leasing payments above the 5-year average
- •Distributes 5% of the rolling 3-year average to the Early Childhood Education and Care Program Fund

PERMANENT/ENDOWMENT FUND OVERVIEW

Tobacco Settlement Permanent Fund (TSPF)

- •Receives annual payments to the state as part of the Master Settlement Agreement between New Mexico, other states, and big tobacco companies
- •Historically distributed 50% of tobacco settlement revenue to tobacco program funds; beginning FY25 distributes 4.7% of the rolling five-year average to tobacco program funds

Water Trust Fund (WTF)

- •Created in 2001 to conserve and protect the water resources of New Mexico fund is enshrined in the NM constitution
- •Legislative appropriations to the fund: 2006: \$40 million; 2023: \$100 million; 2024: \$50 million
- •Historically distributed \$4 million annually to the Water Project Fund; beginning FY26 distributes 4.7% of the rolling five-year average

Rural Libraries Endowment Fund (RLEF)

- •Created in 2019 to support the preservation, development and establishment of rural libraries throughout the state
- •Legislative appropriations to the fund: 2019: \$1 million; 2020: \$2 million; 2022: \$10 million; 2023: \$15 million; 2024: \$2.5 million
- •Distributes investment income to the rural libraries program fund and to the Cultural Affairs Department to administer the program fund

Conservation Legacy Permanent Fund (CLPF)

- •Created in 2023 to support conservation programs and initiatives across various state agencies
- •Legislative appropriations to the fund: 2023: \$50 million; 2024: \$300 million
- •Distributes the prior fiscal year's investment earnings in excess of \$5 million to the Land of Enchantment Legacy Fund

Opioid Settlement Restricted Fund (OSRF)

- •Created in 2023 to receive opioid settlement revenues paid to the state per New Mexico's opioid allocation agreement
- •Distributes 5% of the rolling three-year average to the Opioid Crisis Recovery Fund

Workforce Development and Apprenticeship Trust Fund (WDATF)

- •Created in 2024 with a one-time Legislative appropriation of \$30 million in FY24
- •Distributes \$5M the first two years and \$3M thereafter to the Public Works Apprenticeship and Training Fund and the Workforce Solutions Department

PERMANENT/ENDOWMENT FUND OVERVIEW

Higher Education Trust Fund (HETF)

- •Established in 2024 to provide a trust fund to pay for tuition and student financial aid programs
- •Seeded with a one-time transfer of \$959 million from the Tax Stabilization Reserve in May 2024
- •Distributes 5% of the three-year average to the Higher Education Program Fund

Capital Development and Reserve Fund (CDRF)

- •Established in 2024 with a one-time distribution of up to \$500 million in FY24 of excess cash remaining in the severance tax bonding fund
- •Beginning in FY25, receives annual distributions from the severance tax bonding fund consisting of savings generated by limiting long-term bond issuances to median state debt ratios, when such savings exist (HB253-2024)
- •Distributes 5% of the prior 3FY average to the Capital Development Program Fund

Behavioral Health Trust Fund (BHTF) NEW

- •Created in 2025 to support statewide behavioral health initiatives
- •Seeded with a one-time appropriation of \$100 million in FY26. Will receive unspent balances of certain 2025 behavioral health appropriations
- •FY26-FY28: will receive 50% of excess oil and gas school tax revenue that would otherwise flow into the ECECF
- •Beginning FY27, will distribute 5% of the prior 3-year average to the Behavioral Health Program Fund

Medicaid Trust Fund (MTF) NEW

- •Created in 2025 to support statewide Medicaid funding
- •Receive state agency budget reversions in excess of \$110 million
- •FY26-FY28: will receive 50% of excess federal royalty payments that would otherwise flow into the ECECF
- •Beginning FY30, will distribute 5% of the prior 3-year average to the State-Supported Medicaid Fund, if the balance of the MTF exceeds \$500 million
- •Fund corpus may also be appropriated by the legislature under certain conditions

INVESTING IN NEW MEXICO – HISTORY

- Legislature authorized NM venture capital fund investments from STPF in 1990, with goal of technology commercialization from National Labs & NM universities
 - Allowed for "differential rate" investments, where lower-than-market-rate financial returns were acceptable if jobs/industry also created
- Program caps expanded in 2003, 2007 & 2020
- Returns below target; few company/investment realizations
- 2019: Council changes external advisor, recognizes excess risk due to high portfolio concentration
- 2020-2022: focus on increasing diversification, growing number of managers actively sourcing start-up deal flow in ecosystem; new goal of working with top-tier VCs interested in NM opportunities & building VC 'infrastructure'
- 2022-2025: Council commits to 20+ different managers, focusing strategy on "hard science" & sectors where NM has strong talents & "right-to-win"

INVESTING IN NEW MEXICO – GOALS

- Ecosystem building strategy:
 - Partner with experienced fund managers with proven track record of success, strong domain expertise and network resources to facilitate growth & profitable company exits
 - Coordinate & invest in Venture Studios, Accelerators & Company Creators
 - Focus on growth areas, NM strengths around "deep tech": quantum, AI, aerospace, energy & defense technologies, climate tech, advanced manufacturing
 - Diversify manager base to establish multiple resources for start-ups no matter whether they are at pre-seed, seed, or growth stages of development
- Council creates new Strategic Venture Capital Program (SVCP):
 - Raising the bar on fund performance & the criticality of financial returns
 - Economic-development benefits & financial returns inextricably linked
 - Better alignment with legislative priorities: 2023 SB26; 2025 SB162
 - Both bills, backed by LFC, require Severance Tax Permanent Fund to achieve market rates of return to generate success for New Mexico long-term
 - Shift away from differential rate commitments due to poor track record & adverse manager selection

INVESTING IN NEW MEXICO – GREEN SHOOTS

- Supporting technology transfer & commercialization
 - <u>UBiQD</u> Los Alamos "Quantum Dot" technology, next generation solar, scaling operations with recent \$20M Series B financing round
- Investments helping attract new companies & start-ups to NM
 - XGS Geothermal Portfolio company for Anzu Partners
 - XGS announces 150MW geothermal power project with META in NM to build \$1.2 Billion power plant
 - HarvestIQ, Inc. Portfolio company for Builders VC
 - "Agriculture Tech" company to move growing operations to Albuquerque for expansion, proximity to customers & financial resources
- Other major projects announcements pending

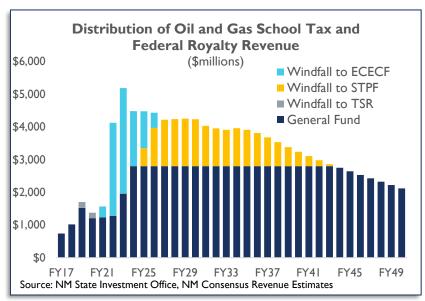

WINDFALL OIL & GAS CONTRIBUTIONS TO STPF

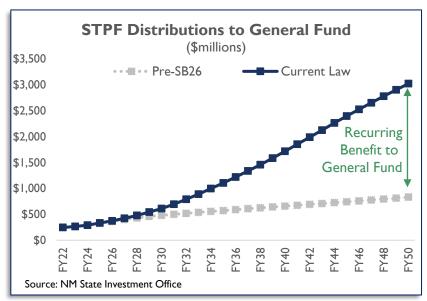

Senate Bill 26 (2023) capped the amount of oil- and gas-related revenues reaching the general fund from the oil and gas emergency school tax and federal mineral leasing payments, the two largest sources of general fund oil and gas revenues.

• Does not affect the five-year average calculation that determines the amount of revenue the ECECF/TSR receives - only the revenues above the cap, but below the moving average, will be distributed to the STPF beginning in FY25

Key Benefits:

- Significantly reduces oil- and gas-related revenue volatility for the general fund
- Simplifies general fund revenue estimating for sources that are historically very difficult to predict
- Reduces general fund dependence on oil and gas revenues
- Improves general fund stability by replacing volatile energy revenue with more stable investment distributions

Note: Dollars in millions; estimates based on 2024 capital market assumptions and NMSIC staff analysis of data from Rystad Energy and Oxford Economics. Actual oil and gas revenues and STPF distributions will depend on market performance and fund contributions.

PERMANENT FUND DISTRIBUTIONS TO MAKE UP GROWING SHARE OF GENERAL FUND REVENUE

NM's Consensus Revenue Estimating Group projects general fund revenues from the oil and gas industry will decline over time as the world transitions beyond traditional energy sources. As energy-related revenues decline, permanent fund distributions will grow significantly as a share of general fund revenue, helping to displace estimated future declines in oil and gas revenues.

CLOSING TOPICS, Q&A

The SIC has seen its assets more than triple in value over the last dozen years, and double in the last five, with very little staff expansion.

 Research supports "right sizing", to increase amount of investment, accounting and support staff needed to curtail risk and be efficient; compensation issues being addressed with legislative support.

The Council has taken steps to improve outreach and collaboration with sister agencies when appropriate:

- Staff working with EDD, NMFA & others on venture investments that are helping build and attract companies to New Mexico
- Staff providing input & analysis to the CREG re: transition scenarios

APPENDIX

LGPF BENEFICIARIES

The LGPF is made up of 21 different permanent funds, each belonging to a separate beneficiary

- Beneficiaries receive royalties for non-renewable production on state land tracts
 tied to the federal Ferguson Act of 1898 and the federal Enabling Act of 1910
- The permanent school fund makes up the largest portion of the LGPF (~88%), of which common schools (i.e. public schools) are the beneficiary
- Remaining beneficiaries of the LGPF include higher education, special schools, and other state institutions
- The permanent school fund distributes 6.25% of the five-year average fund value; all other beneficiaries receive 5% of the five-year average value. All beneficiary distributions are based on their percentage ownership of the fund, which changes over time based on production levels from beneficiary-specific land tracts.
