

Resolution 2016-07

Supporting a Change in the Definition of “Local Public Body” for Purposes of Budget Reporting

Submitted by the NMAA Policy Committee

Whereas, acequias are defined as political subdivisions of the state in New Mexico state statutes and are required to comply with the tiered reporting system for the Office of the State Auditor (OSA) and budget reporting requirements for the Department of Finance and Administration (DFA),

Whereas, the lowest tier for the tiered reporting system (Audit Act) and the minimum dollar amount for being considered a “local public body” for purposes of compliance with DFA budget reporting requirements is \$10,000 (Section 6-6-1, NMSA 1978),

Whereas, a local public body, according to this definition, is required to work closely with DFA Local Government Division to submit budgets for approval, quarterly budget reports, and budget adjustments,

Whereas, acequias are generally governed, operated, and administered by volunteers and compliance with frequent budget reporting and approvals can be difficult for acequia commissioners to complete on a volunteer basis,

Whereas, acequias with relatively larger budgets could more realistically allocate funds to contract with individuals who could serve as either a bookkeeper, budget administrator, or both, but, acequias with budgets of only \$10,000 would have difficulty allocating funds for such a purpose,

Whereas, raising the threshold for the definition of “local public bodies” would allow for acequias and other political subdivisions under \$50,000 in annual revenue to manage their finances more informally without DFA review and approval while those over \$50,000 would be required to comply fully with DFA requirements,

Whereas, such a change in statute would not change the requirement under the Office of the State Auditor tiered reporting system for reporting on expenditure of state funds, i.e. that expenditure of half or the remainder of Capital Outlay would trigger the requirement for an AUP engagement,

Therefore, be it resolved that the NMAA supports legislation to change the definition of “local public body” in New Mexico state statutes such that the revenues defining a local public body be increased from \$10,000 per year to \$50,000,

Be it further resolved that copies of this resolution be transmitted to leadership of the New Mexico State Legislature.

6-6-1. Definitions.

"Local public body" means every political subdivision of the state that expends public money from whatever source derived, including but not limited to counties, county institutions, boards, bureaus or commissions; incorporated cities, towns or villages; drainage, conservancy, irrigation or other districts; charitable institutions for which an appropriation is made by the legislature; and every office or officer of any of the above. "Local public body" does not include a mutual domestic water consumers association, a land grant, an incorporated municipality or a special district with an annual revenue, exclusive of capital outlay funds, federal or private grants or capital outlay funds disbursed directly by an administering agency, of less than ten thousand dollars (\$10,000), nor county, municipal, consolidated, union or rural school districts and their officers or irrigation districts organized under Sections 73-10-1 through 73-10-47 NMSA 1978.

History: 1953 Comp., § 11-2-56, enacted by Laws 1957, ch. 250, § 1; 1961, ch. 207, § 1; 2009, ch. 283, § 1.

6-6-2. Local government division; powers and duties.

The local government division of the department of finance and administration has the power and duty in relation to local public bodies to:

- A. require each local public body to furnish and file with the division, on or before June 1 of each year, a proposed budget for the next fiscal year;
- B. examine each proposed budget and, on or before July 1 of each year, approve and certify to each local public body an operating budget for use pending approval of a final budget;
- C. hold public hearings on proposed budgets;
- D. make corrections, revisions and amendments to the proposed budgets as may be necessary to meet the requirements of law;
- E. certify a final budget for each local public body to the appropriate governing body prior to the first Monday in September of each year. The budgets, when approved, are binding upon all tax officials of the state;
- F. require periodic financial reports, at least quarterly, of local public bodies. The reports shall contain the pertinent details regarding applications for federal money or federal grants-in-aid or regarding federal money or federal grants-in-aid received, including details of programs, matching funds, personnel requirements, salary provisions and program numbers, as indicated in the catalog of federal domestic assistance, of the federal funds applied for and of those received;
- G. notify the secretary of finance and administration if a municipality or county has failed to submit two consecutive financial reports required by Subsection F of this section;
- H. upon the approval of the secretary of finance and administration, authorize the transfer of funds from one budget item to another when the transfer is requested and a need exists meriting the transfer and the transfer is not prohibited by law. In case of a need necessitating the expenditure for an item not provided for in the budget, upon approval of the secretary of finance and administration, the budget may be revised to authorize the expenditures;
- I. with written approval of the secretary of finance and administration, increase the total budget of any local public body in the event the local public body undertakes an activity, service, project or construction program that was not contemplated at the time the final budget was adopted and approved and which activity, service, project or construction program will produce sufficient revenue to cover the increase in the budget or the local public body has surplus funds on hand not necessary to meet the expenditures provided for in the budget with which to cover the increase in the budget; provided, however, that the attorney general shall review legal questions identified by the secretary arising in connection with such budget increase requests;
- J. supervise the disbursement of funds to the end that expenditures will not be made in excess of budgeted items or for items not budgeted and that there will not be illegal expenditures;
- K. prescribe the form for all budgets, books, records and accounts for local public bodies; and
- L. with the approval of the secretary of finance and administration, make rules relating to budgets, records, reports, handling and disbursement of public funds or in any manner relating to the financial affairs of the local public bodies.
