BEFORE WE START...

On behalf of all colleagues at the Human Services Department, we humbly acknowledge we are on the unceded ancestral lands of the original peoples of the Apache, Navajo and Pueblo past and present.

With gratitude we pay our respects to the land, the people and the communities that have contributed to what today is known as the State of New Mexico.
TODAY’S AGENDA

1. Poverty in NM (9:15 – 10:45)
2. HSD’s customers (10:45 – 12:15)
3. Lunch (12:15 – 1:15)
4. Public comment (1:15 – 1:30)
5. Current challenges and accomplishments (1:30 – 3:00)
6. Future of HSD (3:00 – 4:30)
7. Public comment (4:30 – 5:00)
POVERTY IN NM PANEL OVERVIEW

TOPICS
1. HSD Mission & Goals
2. Adverse Childhood Experiences
3. Meeting the Benally Family
4. Unemployment in NM
5. State Revenue Drivers
6. NM Poverty Data
7. Structural Determinants of Health
8. Cliff effect

MISSION

To transform lives. Working with our partners, we design and deliver innovative, high quality health and human services that improve the security and promote independence for New Mexicans in their communities.

GOALS

We help NEW MEXICANS

1. Improve the value and range of services we provide to ensure that every qualified New Mexican receives timely and accurate benefits.

We make access EASIER

3. Successfully implement technology to give customers and staff the best and most convenient access to services and information.

We communicate EFFECTIVELY

2. Create effective, transparent communication to enhance the public trust.

We support EACH OTHER

4. Promote an environment of mutual respect, trust and open communication to grow and reach our professional goals.
ADVERSE CHILDHOOD EXPERIENCES (ACES)

- ACEs cause stress reactions in children, and when activated repeatedly (especially in absence of protective factors), can interrupt physiological and brain development.

- As ACEs increase, so does risk of negative health outcomes such as substance use, depression, suicide, poor physical health.

- ACE score of 7 or more decreases life expectancy by about 20 years.

- Poverty and other adverse community environments highly comorbid with ACEs.

MEET THE BENALLY FAMILY*

▪ Julie is single mother of 2-year-old son and 5-year-old daughter. They live in Farmington and identify as Native American.

▪ As a child, Julie’s family experienced poverty, she witnessed violence in her neighborhood as well as at home. She often did not have enough to eat and did not feel safe in her neighborhood much of the time.

▪ Julie’s unresolved childhood trauma lives in her body as multiple chronic health conditions and anxiety. Between balancing stresses of work and home priorities, her health often suffers.

* Based on a real HSD client, whose name and photo are changed.
Recovery of 10,000 jobs (8.3% -> 7.3% unemployment) corresponds to ≈ 9,500 Medicaid closures.
NM had 4.3% increase in state tax revenue April through December 2020 compared to same period in 2019 (5th highest increase nationally).

State revenue increase driven in part by oil revenues.

Federal and State safety net spending totaling $2,416,759,515 also propelled economic activity.

By June 2020 1,1045,571 New Mexicans received federal Economic Impact Payments totaling $1,745,274,315.

During pandemic period, HSD issued benefits totaling $671,485,200, serving 1,107,169 New Mexicans by April 2021.

FEDERAL MEDICAL ASSISTANCE PERCENTAGE (FMAP) FOR MEDICAID BY STATE, FY22

- FMAP formula considers average per capita income for each State relative to national average:
  \[
  \text{FMAP state} = 1 - \left(\frac{\text{State per capita income}}{\text{U.S. per capita income}}\right)^2 \times 0.45
  \]

- US average FMAP 56.2%

- NM FMAP 3rd highest in country (79.9%), meaning Federal share of most Medicaid expenditures 79.9% (remainder State share).

U.S. Per Capita Personal Income by State as of 2019

Health and well-being shaped by social, economic, geographic, and policy structures, which often create conditions resulting in inequalities and inequities.

Structurally informed lens shifts blame from individuals to conditions in which individuals forced to operate within.

Without structurally informed perspective, even best-intentioned organizations more likely to miss opportunities to address disparities in delivery of services or development of policies.

HSD developing staff training materials and external communications designed to highlight structural determinants.
HSD’S SOCIAL IMPACT: NM BENEFITS FROM MODERN AND RESPONSIVE SOCIAL SAFETY NET (AS OF 5/31/21)

- 205,952,673 meals provided to New Mexicans through Supplemental Nutrition Assistance Program (SNAP) since January 2021
- 929,008 individuals provided the ability to visit a doctor, afford medication and immunizations through Medicaid in May 2021
- 18,668 homes heated and cooled for New Mexico families through Low Income Energy Assistance Program (LIHEAP) in Federal Fiscal Year 2021
- 12,144 families provided shelter and necessities through Temporary Assistance for Needy Families (TANF) Program in May 2021
- $135.59 collected per child* per month on average through child support to help kids be happy and healthy over the last 12 months

*collections include current support and arrears debt to the custodial parent and/or the state.
CHECKING IN WITH THE BENALLY FAMILY*

- Julie works at a restaurant. Her monthly income fluctuates based on tips and number of shifts she can work, averaging $10.50/hour ($1,837.50/month, $22,050/year).
- She and her children covered by Fee for Service Medicaid.
- Julie’s doctor advised Julie to adjust her diet and lifestyle to manage her diabetes. Julie is unable to do so given her work, income, and lack of access to affordable foods.
- Julie loves being a mother and wants to provide for her kids, but because she is working a lot they are often in care of friends.
- She does not have time to help her daughter with schoolwork as much as she would like, and her daughter has started to pick on other kids at school. This makes Julie sad.

* Based on a real HSD client, whose name and photo are changed.
LEGISLATOR QUESTION: CLIFF EFFECT, WHEN RAISE TRIGGERS A DISPROPORTIONATE LOSS OF GOVERNMENT ASSISTANCE

- As earnings increase and lower-income families cross different Federal Poverty Levels (FPLs), family members begin to lose benefits, resulting in a Cliff Effect that makes it difficult for New Mexico families to get ahead by earning more.

- Julie’s family (based on household size and annual income) is at 100.4% FPL.

- Adults must be at or below 138% FPL to qualify for Medicaid in NM, eligibility is much higher (up to 300% FPL) for kids than adults, so kids in families will be able to stay covered at much higher levels than their parents.

IN SUMMARY: STATE AND FEDERAL RELIEF MITIGATED SEVERITY OF POVERTY EXPERIENCED BY MANY NEW MEXICANS

- Despite higher levels of unemployment resulting from COVID-19 pandemic, state and federal relief mitigated severity of poverty experienced by many New Mexicans.

- Researchers found sharp declines in food shortages, financial instability and anxiety coincided with 2 most recent rounds of Federal payments:
  - From December 2020 to April 2021, food insufficiency fell by over 40%, financial instability fell by 45%, and reported adverse mental health symptoms fell by 20%.
  - Declines in material hardship greatest among lower-income households but also evident higher up income distribution.

**Source:** New Mexico Human Services Department, Behavioral Health Services Division based on paid claims data on clients diagnosed with anxiety, depression, or anxiety and received a behavioral health service.
HSD Annual Strategic Planning Cycle

June 2021

JAN-MAR
- Legislative Session
- Governor's State of the State Address
- Conduct staff visits

APR
- Prep for customer and employee listening sessions
- Revise strategic plan based on legislative session outcomes
- Evaluate Scorecard measures

MAY
- Review mission and goals
- Develop strategic objectives
- Solicit key stakeholders for feedback on strategic plan
- Conduct customer and employee listening sessions

JUN
- Evaluate strategic plan based on stakeholder, customer, and employee feedback
- Determine future year priorities

JUL
- Interim legislative hearings begins
- Develop budget request
- Draft legislation (if needed)

AUG
- Finalize budget request, Scorecard measures, Strategic Plan, and legislation
- Begin Data Book planning

SEP
- Interim legislative hearings
- Legislators outreach
- Conduct employee listening sessions

OCT-NOV
- Interim legislative hearings
- Data Book Finalized
- Listening sessions report-out

DEC
- Interim legislative hearings
- David Book Finalized
- Listening sessions report-out

Ongoing: Strategic Plan, Scorecard and Contract performance monitoring and evaluation.
HSD CUSTOMER FEEDBACK SURVEY RESULTS

- Sent survey in May 2021 (English and Spanish) via text and email.
- Most customers feel treated with respect.
- Most customers prefer telephone or online contact channels.
- Customers expressed frustration with call wait times.
- Limitation: customers who do not have access to phone/email unable to participate.
  - Curbside survey conducted July 2020 (n = 833) for those visiting 6 field offices.

The service I receive when I call is always great!

The employees were often incredibly helpful and showed a deal of compassion.

The employees were often incredibly helpful and showed a deal of compassion.

The person I spoke with on the phone to clarify the family planning services, what we were still being offered was very positive. He was patient, thorough & kind.

Actually treat the noncustodial parent as if they are the parent and not a stranger. More empathetic to all parties involved not just whomever opened the case. Everyone deserves to be respected especially when dealing with sensitive matter like a child.

The staff has improved in customer service dramatically over the years. I appreciate the motivation to be more patient and understanding.

Investing for tomorrow, delivering today.

**Survey Results**

- **The website is easy to use and allows me to take care of annual updates.**
- **There needs to be an easier and faster way to looking up and open the departments the customers are needing.**
- **I still had to call for assistance while filling out the application. It is a confusing process but the representative was wonderful.**
- **I appreciate the convenience of applying and recertification options to do so on YESNM.**
- **It would help to have an info button for each question, sometimes I don't know exactly what a question is asking.**
- **Maybe a person who can do a chat to help guide if any questions come up.**

*Investing for tomorrow, delivering today.*
**If I have a question about my services or benefits, I can count on the people who work at the Human Services Department to reach a fair and satisfactory resolution**

*68.8% of customers agree strongly that they can count on the Human Services Department to reach a fair and satisfactory resolution.*

*The staff is genuinely concerned about our family.*

*In a perfect world shorter wait times would be best.*

*Not take so long .. and be fair to people with legit medical problems whom are also single working parents and sole providers for their children.*

*I can always the count on you guys for anything.*

*Everyone I've dealt with has always helped me resolve my questions or transferred me to the right person. Good job.*

*As far as over the phone, I usually get sufficient help. I very rarely visit HSD in person.*
I find it's easier to access my benefits on-line or by phone as compared to going into a field office.

- **Strongly agree**: 74.8%
- **Agree**: 25.2%
- **Neither agree nor disagree**: 0%
- **Disagree**: 0%
- **Strongly disagree**: 0%

I can use the website well or the phone, but it's also not difficult to go into the office. Small town, so not as busy as some offices.

Usually, I would agree but the drive-up service was really fast.

I do not drive so I rely on the internet and phone.

Online services are the way to go. Having the site more accessible is key.
Since the COVID-19 pandemic started, my overall experience with the people at the Human Services Department and the programs and services it offers has been positive.

- **Strongly agree**: 74.4%
- **Agree**
- **Neither agree nor disagree**
- **Disagree**
- **Strongly disagree**

**Feedback Examples**
- Been very supportive thru out the pandemic, for I am a single parent with 4 kids. Thank you so much.
- I appreciate the SNAP benefits that were offered me and I thank the emergency fund for helping me. I was only eating one meal at the senior citizens center for the day, now I have a chance to buy groceries and enjoy fresh food at home. thank you very much.
- HSD has taken extra measures to make sure we have been safe and taken care of. Thank you!
- I do not know what I would have done without your help. You were a god send help.
Thank you so much.....it has meant the world to me. Truly. Thank you.

I've had nothing but excellent assistance and guidance from people at the offices, and even on the phone.

Most of my caseworker were phenomenal and went the extra mile.

I believe it is their job to help...however every agent that has helped me has been wonderfully helpful.
If I had a friend in need, I would recommend that they contact the Human Services Department for assistance

HSD COMMITMENT TO ENGAGE CUSTOMERS & PARTNERS

- Understanding customer experiences, needs, and preferences imperative as HSD strives to improve its business model and better serve New Mexicans.
- HSD’s 1,100,445 unique customers are diverse and experience a variety of challenge, but also demonstrate resiliency, especially during COVID-19 pandemic.
- Data from July 2020 and May 2021 demonstrate significant percentage of customers prefer contacting HSD via telephone or online.
- HSD will modify customer service training based on lower-than-expected customer service scores.

New Mexico Human Services Department to hold listening sessions
Seeking input from customers, providers, employees, advocacy organizations, and members of the public about how we can improve our services to New Mexicans

SANTA FE – The New Mexico Human Services Department (HSD) will be holding public listening sessions to receive feedback regarding the department’s business processes and customer satisfaction. The department is seeking input from customers, providers, employees, advocacy organizations, and members of the public about how we can improve our services to New Mexicans. Specifically, the department is requesting feedback regarding:

- Medicaid and Behavioral Health Services
- Child Support Services
- Applying for HSD benefits and Customer Service

Additionally, members of the public are invited to respond to a brief survey seeking feedback about the Human Services Department’s customer service. The survey can be found at: https://www.surveymonkey.com/r/NMHSDCustomerSurvey

In accordance with the COVID-19 public health emergency, all listening sessions will be held online using the GoToMeeting platform. For instructions on how to install GoToMeeting, visit https://support.gotom.com/meeting/help/download-now-g2m010692.

Dates and times of the listening sessions can be found below. Advance registration is not required.

KNOW SOMEONE WHO NEEDS HELP FROM HSD?

- **Step 1:** View Programs offered at HSD website: [www.hsd.state.nm.us](http://www.hsd.state.nm.us); you may apply, update or renew your application for public assistance at YesNM Portal, [www.yes.state.nm.us](http://www.yes.state.nm.us). Initiate a chat for automated or live answers.

- **Step 2:** Obtain information by calling Consolidated Customer Service Center (CCSC) phone number, 1-800-283-4465; TTY-Hearing impaired 1-855-227-5485 for information

  or

  Text: CCSC at 601-401-4995 for general information. Monday-Friday 7:00 a.m.-5:00 p.m. (Standard messaging rates may apply).

- **Step 3:** You may also obtain information or inquire about your case by submitting a comment through email at **HSD-SubmitAComment@state.nm.us** or by completing an on-line form **Submit a Comment Online**

- **Step 4:** Updated information including videos, posts, events and community related happenings for Human Services and other State agencies easily accessible through the NMHSD Facebook link of [https://www.facebook.com/NMHSD/](https://www.facebook.com/NMHSD/).

For further assistance with an unresolved situation, please contact **Michelle N. Trujillo**, Executive Assistant to Secretary Scrase and Constituent Liaison Supervisor, 505-660-8915 or michellen.trujillo@state.nm.us

Michelle N. Trujillo, Executive Assistant to Secretary Scrase and Constituent Liaison Supervisor
6 months later Julie and her family enrolled in Medicaid managed care.

- Julie’s Care Coordinator supports her diabetes management and helps her children get preventive care to stay healthy.

Family now also receives other benefits:

- All three enrolled in SNAP, providing support for healthier foods.
- Also receive LIHEAP funds, which support utility costs.
- Julie started weekly walk and talk therapy program.
- Julie referred to child support program, establishing paternity and child support for her two children.

Income Support Division Director
CHALLENGES GOING INTO FY22

- Federal approvals and funding for automated processes needed.
- IT project schedules and resource challenges:
  - HHS 2020 and MMISR
  - Health Information Exchange integration
  - Integration with BeWellnm
  - All Payer Claims Database
  - ASPEN enhancements
- Federal law mandates that states implement electronic visit verification (EVV) for all Medicaid personal care services and home health services requiring in-home visits.
- Consolidated Customer Support Center – launched 8/31/20; triple call volume resulting in high abandonment rate.
- Delay of new programs/initiatives:
  - BHSD satellite office in Las Cruces
  - Provider payment strategies and innovations

**Monthly Call Volume**

*Data reflects does not include calls taken by state staff, virtual agents, chats, text or other channels*
HUMAN RESOURCE CHALLENGES GOING INTO FY22

- 3-5 months to hire
  - Hiring freeze further extended timeframes
  - Few qualified applicants for many positions

- IT most difficult to fill positions
  - System Administrators, Network Administrators, Security Professionals
  - Competing with the national labs, private sector, and other departments

- Hiring and onboarding in a telework world
  - Still 50% paper/INK process
  - Converting forms to electronic fillable pdf
  - Need widely available software for digital signature
  - Need secure access for applicants to submit PII

Legislature entrusted $7.56B to HSD and we strive to demonstrate return on that investment:

- Significant program enrollment expansion since start of PHE (e.g., projected 14.1% Medicaid growth by December 2021) supported by 20 additional waivers.
- Promotion of telehealth statewide.
- Transformed business model to safely meet customer needs during pandemic.
- Supporting sister agencies in ESF-6 coordination of pandemic-related services and supports.
- Implementation of child support legislation to bring more money in for NM kids (SB 140).
- Eliminated asset test for certain Medicaid categories to make it easier for lower-income seniors to afford Medicare.
- Federal approval to pay a higher payment rate for IHS pharmacy services – 100% federal funding - $50.9M impact projected in first year of implementation.
CHILD SUPPORT CHANGES (SB140)

- Bill modernizes child support program by:
  - Requiring consideration of non-custodial parent’s ability to pay (federal requirement);
  - Modifies child support, if needed, to establish medical support (federal requirement); and,
  - Changes “lookback period” from 12 years to 3 years to improve collections (national best practice).

- Starting July 1, modernizing child support will result in:
  - More money to NM children;
  - Non-custodial parents more likely to have relationships with their children; and,
  - Emphasis on job opportunities and sustained work participation for non-custodial parents.

![Total Child Support Obligation Amount Owed Paid by Lookback Period]

Values reflect cases in two large child support offices

Investing for tomorrow, delivering today.
HSD is committed to fully leveraging every possible federal dollar to sister health and human services agencies to support New Mexicans.

- Enhancements to immunizations allows DOH to be reimbursed for Medicaid portion of administrative costs (50% match).
- Medicaid Home and Community-Based Waiver program 10% enhanced federal match from 4/1/21 – 3/31/2024.
  - At its highest will result in a Federal Financial Participation of 89.91% or $8.91 Federal funds for $1.00 State funding.
- DOH working with HSD to bill Medicaid for COVID-19 testing, billed more than $1.8 M in February and April 2021.
KEY METHODS FOR PROVIDING SUPPORT TO OTHER AGENCIES

PROGRAM SUPPORT

- 50% administration costs multiplied by percentage of Medicaid recipients in program.
- Random Moment Time Study vendor selected to maximize Medicaid administrative revenues for health departments.
- IT: up to 90% match multiplied by percentage of Medicaid recipients in program.

CLINICAL SERVICE SUPPORT

- Identify every Medicaid billable service provided by HSD's sister agencies and partner with a vendor to handle the billing.
- RFP to hire a vendor (through GSD) who will bill for Medicaid services rendered by agencies to maximize reimbursement.
- RFP to be issued in August 2021 upon approval by HSD and partner agencies.
  - DOH, ALTSD, PED, ECECD, CYFD, NMCD, GSD
- Full Medicaid match converts existing $1 M GF expense for clinical services to average of $174,825 GF expense depending on Medicaid enrollment.

* New contractor in place to assure administrative claiming is consistent across agencies and not disallowed by CMS
ADDITIONAL FORMS OF INTERAGENCY COLLABORATION

**Taxation & Revenue Department**
December 2020 and June 2021 to provide financial assistance payments to low-income New Mexicans

**Public Education Department**
- P-EBT food benefits for students
- $104 M SNAP benefits to 348,913 students

**Department of Workforce Solutions**
- 50-100 HSD staff assisted call center with processing unemployment compensation benefits (April 2020-present)

**Department of Finance & Administration**
Provided income verification to DFA in processing applications for the Emergency Rental Assistance program

**Office of the Superintendent of Insurance**
Collaboration and alignment of instructions to health plans related to COVID-19 covered services, billing and reimbursement.

**Agency Strategic Planning**
Earlier this year HSD met with agencies below to proactively identify opportunities for interagency collaboration and areas where HSD can advance other agency goals and priorities: ALTSD, BeWellnm, CYFD, DOH, ECECD, IAD, NMCD, NMMIP, OSI, PED.

HHS 2020 CHALLENGES AND OPPORTUNITIES

Challenges

▪ The COVID-19 pandemic required reassignment of program and IT staff for emergency response IT activities.

▪ The Medicaid Management Information System Replacement (MMISR) project experienced schedule delays and vendor issues.

▪ The HHS 2020 Executive Steering Committee has refined scope, extended the schedule, and increased dedicated full-time resources to the MMISR project to address the challenges.

What’s Next (see timeline in Appendix)

▪ Enhancing the Consolidated Customer Service Center (CCSC) to expand contact center services for the Early Childhood Education and Care Department (ECECD).

▪ Implementing a Children’s Behavioral Health module with the Children, Youth & Families Department (CYFD).

▪ Implementing a new portal and mobile apps that will enable New Mexicans to apply for benefits and services across HHS agencies.

▪ Contract negotiations for Financial Services and Provider Management.
HHS 2020 TIMELINE

**Note:** Modules are listed for when functionality is expected to be available for use

- **Children's Behavioral Health available**
- **Data Warehouse available**
- **Fraud, Third Party Liability, Recovery Audit available**
- **Integration Platform available**
- **Enhanced Client Portal Experience for HSD programs available**
- **Call Center Continuous Innovations available**

**2021**
- Operational Data Reports & Dashboards available
- Enhanced use of Call Center for ECECD; Continuous Innovations available
- Continuous Improvements to Unified Portal available
- Legacy support of Omnicaid transitioned
- Children's Behavioral Health available

**2022**
- 360 Client View Reports available; ad-hoc & public-facing reports for Enterprise available
- Provider Mgmt. Module available for Enterprise use
- Continuous Improvements to Unified Portal available

**2023**
- New Claims System; Pharmacy Benefits Mgmt. available
- Quality Assurance Module, Financial Services Module, Provider Mgmt. Module connected in Integration Platform; shared IT services available for Enterprise

**2024**
- Master Data Management for Enterprise available; Data Services Module connected in Integration platform
- Provider Mgmt. Module available for HSD use
- HSD programs data analytics, federal reporting & outcomes-based reporting available

**2025**
- Integration platform available for further integration of Enterprise agency data
- Financial Services Module available for Enterprise use
- Continuous Improvements to Unified Portal available

**2026 & beyond**
- Integration platform available for further integration of Enterprise agency data
- Financial Services Module available for Enterprise use
- Continuous Improvements to Unified Portal available

---

This schedule is conceptual in nature and may evolve as detailed planning is completed with vendor partners. Dates are shown for calendar year.

*Investing for tomorrow, delivering today.*
SUPPLEMENTAL NUTRITION ASSISTANCE PROGRAM (SNAP)

FY2021 SNAP program in NM provided:

▪ **>$462 million** additional benefits to **>605,947** SNAP recipients through enhanced payment.

▪ **>$104 million** SNAP benefits to **>348,913 students** by implementing the Pandemic-EBT program.

▪ **~$501** more annually in SNAP benefits to **~39k recipients** by implementing Heat & Eat Program.

▪ **>801,064** online SNAP purchases since May 2020 implementation of online food purchasing w/ Walmart & Amazon.
COVID-19 PANDEMIC HAS CREATED A PUBLIC HEALTH CRISIS THAT IS INCREASING SOCIAL AND ECONOMIC INEQUALITY

- Workers in lower-paying jobs less likely to work at home and more likely to interact with others, at greater risk of contracting the virus.
- CDC: longstanding inequality resulted in increased risk of contracting COVID-19 and severe illness for people of color.
- People with lower socioeconomic status more likely to have chronic health conditions that exacerbate effects of COVID-19, and to develop them at an earlier age.
- In NM, COVID-19 positive individuals at 40%+ poverty level diagnosed and hospitalized ~2.3 times rate of wealthiest New Mexicans and die ~2.6 higher rate.

NM COVID-19 Case Fatality Rate by Poverty Level

Investing for tomorrow, delivering today.
COVID-19 LESSONS LEARNED

DECISIVE ACTION FROM THE START

▪ Establish immediate priorities.
▪ Identify evidence-based goals, objectives and tactics.
▪ Establish performance measures and targets.
▪ Analyze outcomes, determine if goals are met, revise major actions as needed but continually refine approaches.

LONGER-TERM LESSONS

▪ Maintain focus on baseline strategic plan and look for opportunities to leverage emergency to improve HSD.
▪ Choose 4-5 priorities, establish clear roles, and stay focused on each until no longer a critical priority.
▪ Ask for help. There is almost no limit to the desire of New Mexicans to help in an emergency.
▪ Set up data systems as early as possible, accept limitations, use teams to improve reporting.
▪ Communicate about 20 times more than you think necessary. Then double that!
▪ Thank your team for all their contributions!
HSD places high priority on using data to identify key priorities, track progress, and prove effectiveness of public investments.

- Provides summary of socioeconomic and health statistics.
- Provides national data comparing NM to other states as well as county level factsheets to identify areas of greatest need.
- Includes demographic and program data for HSD, CYFD & ALTSD, including activities related to COVID-19 response.

HTTPS://WEBAPP.HSD.STATE.NM.US/PROCUREMENT/DATA%20BOOK%202021.PDF
HSD places a high priority on using data to identify key priorities, track progress, and prove effectiveness of public investments.

- HSD Performance Scorecard aligns with HSD Strategic Plan, promotes transparency and oversight, and tells HSD’s story more accurately and from customers’ perspective.

- Measures cover areas related to finance, growth, quality, employees, and consumer/beneficiary satisfaction.

- LFC/DFA Quarterly measures also online.

How good is my Managed Care Organization (MCO) at working with providers to ensure I have a behavioral health (BH) visit with a BH or non-BH provider?

Data updated: 5/11/2021

LEGISLATOR QUESTION: MEDICAID RATES FOR EMERGENCY MEDICAL TECHNICIAN (EMTs)

Working together with EMS agencies, Medicaid easing burden for critical frontline responders.

AIR AMBULANCE RATE INCREASE

- Increased Air Ambulance Reimbursement Rate – approved by CMS and effective 11/15/20.
  - Reimbursement rates increased to 75% of Medicare reimbursement. MCOs have implemented.

COVID-19 VACCINATION SUPPORT

- HSD initiating homebound vaccination that include EMS support in providing vaccinations for homebound members.
- Incentivize increased vaccination compliance by providing temporary rate increase to EMS providers travelling to homebound members.
LEGISLATOR QUESTION: HOME VISITING

- Working with ECECD to expand home visiting and other programs targeting expecting/new parents in Medicaid program.
- Expanding services according to home visiting need assessment & agency readiness.

LEGISLATOR QUESTION: MEDICAID SCHOOL-BASED SERVICES

HSD, in collaboration with the Public Education Department (PED), is expanding Medicaid School-Based Services (MSBS).

- MSBS program serves children who need services as part of Individualized Education Plan (IEP) or Individual Family Service Plan (IFSP).
- NM school districts pay General Fund share and HSD leverages federal dollars for reimbursement of services.
- Starting 7/1/22 Medicaid-covered Behavioral Health and School Nursing services will be reimbursable Medicaid services for all Medicaid-enrolled students, not only children with an IEP/IFSP.

LEGISLATOR QUESTION: SCHOOL-BASED HEALTH CENTERS (SBHC)

In collaboration with DOH, NM Assoc. of SBHCs and MCOs, SBHCs are playing an important role in increasing access to primary and behavioral health services for children and adolescents across New Mexico.

IMPROVING QUALITY OF CARE

- The Strategic Implementation of Screening, Brief Intervention, and Referral to Treatment (SBIRT) in School-Based Health Centers (SBHCs) [SISS] initiative implements and evaluates the SBIRT model, with a goal of identifying, reducing, and preventing substance use in New Mexico (NM) adolescents.

- Same Day Access Pilot Project will provide same-day access to long-acting reversible contraceptives. This pilot project goal is to develop a sustainable mechanism maintains readily available contraception.

EXPANDING SERVICES

- Ongoing development and review of services via telehealth in SBHCs to include a hub SBHC pilot project which serves additional schools via telehealth.

- DOH is considering funding increase to expand services to leverage Medicaid matching funds.
LEGISLATOR QUESTION: MEDICAID REPRODUCTIVE HEALTHCARE AND SERVICES

- **Planned pregnancy option:** access to all FDA-approved contraception, includes Immediate postpartum Long-Acting Reversible Contraception (IPP LARC)

- **American Rescue Plan Act of 2021:** NM Medicaid extending coverage for pregnancy & postpartum people to 1 year with target date April 2022.

- **Families FIRST:** perinatal nurse case management program that supports people to engage in care and other outcomes-based interventions.
LEGISLATOR QUESTION: LONG-ACTING REVERSIBLE CONTRACEPTION (LARC) PHARMACY PILOT PROJECT

- **Goal:** To improve same-day access to LARC (intrauterine devices and implants) for adolescents at school-based health centers (SBHCs) beginning in 2021-22 school year.

- **Pilot sites:** Bernalillo SBHC; El Centro & Espanola SBHC; Hidalgo Medical Services & Silver City SBHC

- Stocking LARC can be cost-prohibitive for the provider ($500-$1,300 per device)
  - Stellar Rx partnership – temperature-controlled Xpedose unit with same-day dispensing and monitoring/management of LARC supply
  - Same-day access to LARC means that the patient doesn't have to come back for a second visit; odds of unintended pregnancy are significantly reduced

Running chart comparing quarterly ratio between long-acting reversible contraception and moderately-effective contraception users and birth rate among same NM Medicaid populations ages 18 and younger during the Medicaid expansion period, 2014 – 2020. **Source:** NM Medicaid Information System (NM-MIS), NM HSD
LEGISLATOR QUESTION: MEDICAID ORAL HEALTH

In July of 2019 Medicaid implemented a 2% rate increase across 56 dental codes as well as adding coverage for Fluoride Varnish.

In response to SM96, DOH convened a taskforce in the fall of 2019 to study how to expand dental care for children enrolled in Medicaid.

- Analysis and recommendations from draft report include:
  - Reimbursement Issues
  - System Issues
  - Access
  - Cost Savings
  - Workforce

- Next step is to work with DOH to reconvene the taskforce and continue the work started prior to the pandemic.
COMMUNITY SERVICES BLOCK GRANT (CSBG) UPDATE TO LEGISLATURE

- 100% Federal Funds for Community Action Agencies (CAAs) for **reduction of poverty**.

- Federal statute requires legislative hearing at least every 3 years on CSBG State Plan, which is due 9/1/21. ([https://www.hsd.state.nm.us/income-support-division-plans-and-reports/](https://www.hsd.state.nm.us/income-support-division-plans-and-reports/))

- Regulated by federal Community Opportunities Accountability Training and Education Services Act.

- FFY2021 Funding Distributed to CAAs: $5,185,120.

NEW MEXICO PRIMARY CARE COUNCIL

- **House Bill 67** enacted during 2021 legislative session, established Council to:
  - “Increase access to primary care, improve the quality of primary care services, lower the cost of primary care delivery, address the shortage of primary care providers and reduce overall health care costs” statewide.

- Council consist of 22 members representing state agencies, Federally Qualified Health Centers, providers, and other healthcare stakeholders.

- Among other duties, Council will “coordinate efforts with GME board and other... initiatives to devise a plan that addresses primary care workforce shortages within the State.”

- First Council meeting occur Summer 2021.

---

### Trends in Spending for Select Types of Medical Care, U.S.

Source: JAMA. NP indicates nurse practitioner. Data from Medical Expenditure Panel Survey.
NATIONAL ACADEMIES RECOMMENDATIONS TO IMPROVE PRIMARY CARE

1. Pay for primary care teams to care for people, not doctors to deliver services.
2. Ensure that high-quality primary care is available to every individual and family in every community.
3. Train primary care teams where people live and work.
4. Design information technology that serves the patient, family, and interprofessional care team.
5. Ensure that high-quality primary care is implemented in the United States.

NM PRIMARY CARE COUNCIL MEMBERS

1. Eileen Goode, RN: CEO, NM Primary Care Association
2. Jennifer K. Phillips, MD: Professor & Associate Chair, Family Medicine, UNM School of Medicine
4. Lori Zink, MD: Physician, BCA Pediatrics
5. Matthew Probst, PA: Chief Quality Officer, El Centro Family Health
6. Valory Wangler, MD: Family Medicine Program Director, Rehoboth McKinley Christian Health Care Services
7. Dep. Sec. Laura Parajon, MD: NM Department of Health
8. Jeff Clark, MD: NM Human Services Department
9. Julie Weinberg: Director, Life and Health Division, NM Office of Superintendent of Insurance
10. Troy Clark: Executive Director, NM Hospital Association
11. Wei-Ann Bay, MD: Chief Medical Officer, Blue Cross and Blue Shield of NM
12. Alisha Parada, MD: Chief, Division of General Internal Medicine, Geriatrics and Integrative Medicine, UNM Health Sciences Center
13. Anjali Taneja, MD: Executive Director, Casa de Salud
14. Cindy Browning: CEO, Cañoncito Band of Navajo Health Center
15. Gretchen Ray, PharmD: Assoc. Professor of Pharmacy Practice, UNM College of Pharmacy
16. Jason Mitchell, MD: Senior Vice President, Chief Medical and Clinical Transformation Officer, Presbyterian Healthcare Services
17. Jon Helm, RN: Nurse Flow Manager, First Choice Community Healthcare
18. Maggie McCowen, LISW: Executive Director, NM Behavioral Health Provider Association
19. Rohini McKee, MD: Chief Quality & Safety Officer, UNM Hospital
20. Ruby Ann Esquibel: Health Policy Coordinator, NM Legislative Finance Committee
21. Scott Flury: Patient advocate, La Clínica del Pueblo de Rio Arriba
22. Susan Wilson: Executive Director, NM Coalition for Healthcare Value
5-Year GME Strategic Plan anticipates 46 new primary care physicians graduating annually, starting in 2025.

- Assuming physicians remain in NM, expanded workforce will serve additional 100,000 New Mexicans annually.
- Primary care GME programs expected to grow from 8 to 13 (63% increase).
- Since FY2020, HSD selected 5 programs for funding, totaling $1,611,208:
  - Programs include expansion of existing programs (as well as new programs) in Family Medicine and General Psychiatry.
  - At maturity, these programs will add an estimated 60 new residents.
- Third round of applications open this fall.

New and Expanding GME Programs as of 11/20; Medicaid and Children’s Health Insurance Program Enrollment as Percentage of Population by County, October 2020

2021 Senate Bill 377 appropriated $275,000 to HSD to “develop and implement a comprehensive plan to address hunger and food insecurity and to strengthen food systems in the state in partnership with other agencies and stakeholders in the agriculture, food and hunger-alleviation sectors.”

$100,000 appropriated to PED “to develop and implement a comprehensive pilot to address hunger on New Mexico college campuses.”

HSD, partnering with community members, Governor’s Office, Dept. of Agriculture, Indian Affairs, Higher Education, and others to develop 5-year strategic plan to measurably reduce hunger in NM.

NM consistently at top of national rankings for child food insecurity (2nd, 2018).
Mission: To cultivate a just food system that measurably reduces hunger, provides equitable access to nutritious, culturally meaningful foods, and honors the wisdom of our land-based traditions.

Goal 1: Community Food Programs - Coordinate and integrate New Mexico’s hunger relief efforts, including those provided by local, state, and federal governmental entities and non-profits, so resources can be optimized for equitable access, efficiency, and community resiliency.

Goal 2: New Mexico Grown Production Expansion - Invest in New Mexico producers, with a focus on small-scale, BIPOC (black, Indigenous and people of color), women-owned, and sustainable farming operations, through the intentional and values-based expansion of New Mexico’s farm to institution programs.

Goal 3: Supply Chain Infrastructure – Inventory and measurably improve food supply chain infrastructure to address weak linkages experienced by tribal, rural, frontier, and urban communities.

Goal 4: Budget – Work with the legislature and other partners to create a sustainable financial model to support our Mission.

## HSD Food Programs

<table>
<thead>
<tr>
<th>Program Name</th>
<th>Description</th>
<th>Number New Mexicans Served</th>
</tr>
</thead>
<tbody>
<tr>
<td>The Emergency Food Assistance Program (TEFAP)</td>
<td>Federal program that helps supplement the diets of low-income Americans by providing them with emergency food assistance, USDA Foods are diverted to the five food banks based on county specific poverty and unemployment data.</td>
<td>USDA Foods supplemented 22,566,938 meals served from July 2020 to April 2021.</td>
</tr>
<tr>
<td>USDA Food Distribution for the National School Lunch Program/Breakfast Program/Summer Food Program</td>
<td>USDA designates the Human Services Department (HSD), Income Support Division, Food and Nutrition Services Bureau (FANS) as the state distributing agency responsible for the distribution of USDA Foods to the school food authorities and other approved feeding agencies in New Mexico. USDA Foods provide 16-20 percent of food costs for approved agencies.</td>
<td>USDA Foods supplemented 22,566,938 meals served from July 2020 to April 2021.</td>
</tr>
<tr>
<td>Commodity Supplemental Food Program (CSFP)</td>
<td>Federal program that works to improve the health of low-income persons at least 60 years of age by supplementing their diets with nutritious USDA Foods. CSFP is distributed statewide through 5 warehouses.</td>
<td>July 2020 – May 2021 (SFY) Total Number Served: 139,324 Unduplicated: 19,024; October 2020 – May 2021 (FFY) Total Number Served: 99,020 Unduplicated: 17,635; January 2021 – May 2021 (CY) Total Number Served: 61,242 Unduplicated: 15,763</td>
</tr>
<tr>
<td>Supplemental Nutrition Assistance Program - Education (SNAP-Ed)</td>
<td>SNAP-Ed supports SNAP's role in addressing food insecurity and is central to SNAP's efforts to improve nutrition and prevent or reduce diet-related chronic disease and obesity amount SNAP Recipients.</td>
<td>October 2018 – September 2019 (FFY19) 955,110 people reached by SNAP-Ed. October 2019– September 2020 (FFY20) 897,446 people reached by SNAP-Ed.</td>
</tr>
</tbody>
</table>
ONE-TIME FINANCIAL ASSISTANCE PAYMENTS

- HSD issued payments totaling $7 M in December 2020 as one-time cash payments to lower-income New Mexicans who did not qualify for federal economic relief.
  - 15,118 lower-income New Mexicans received payment of $465.00.
  - Additional $5 M appropriated during 2021 session:
    - Payments processed by NM Taxation and Revenue and issued by end of July 2021.

“This pandemic has impacted all of us economically and emotionally. By providing this relief, the legislature and the administration considered the financial hardships of New Mexicans who were left out of the federal stimulus program.

“I have medical bills piling up from my diabetic condition, and this money will help. It couldn’t have come at a better time.” Eduviges Hernandez, Hobbs
POTENTIAL FY23 LEGISLATIVE & BUDGET INITIATIVES

1. Optimize federal matching dollars to support other state agencies
2. Extend Medicaid Post-Partum Benefits Beyond 60 Days
3. Increasing investment in ASPEN
4. Evidence Based and Trauma Responsive BH Care Implementation
6. Crisis Now System of Care Expansion
7. Establish State-funded Transition Bonus Cash Assistance for TANF Customers
8. Hiring & Onboarding for 21st Century
9. Health Information Exchange Innovation
10. Establish Behavioral Health Collaborative Office
11. Education Works Expansion
12. SNAP Quality Improvement
13. Establish Add’l HSD Tribal Liaisons
14. Provider Rate Increases not Provided for non-Medicaid BH Services
15. “New Mexico Families:” Child Support Television Campaign
MEDICAID MANAGED CARE ORGANIZATION (MCO) PROCUREMENT

- Current MCO Contract expires 12/31/22 but includes an option to extend for four one-year periods.
- Procurements are at a minimum an 18-month exercise for the Department.
- MAD Exercising option so new MCOs would begin 1/1/2024.

New requirements for MCOs as part of extension:

- Performance measures targeting improvement in Early Period Screening and Diagnostic Testing (EPSDT) for children.
- Require all MCOs to submit a plan offering on beWellnm.
- Redesign Value-based Purchasing program to require quality incentives be passed on to front line providers.
- Increase minimum Medical Cost Ratio.
REFORMING HOME & COMMUNITY-BASED SERVICES: AMERICAN RESCUE PLAN ACT SECTION 9817

- Makes available to states a 10-percentage point increase in federal matching funds for Medicaid home and community-based services (HCBS)
- Enhanced match 4/1/2021 - 3/30/2022
- States have from 4/1/2021 - 3/30/2024 to reinvest the state savings in new or enhanced HCBS activities.
DEFINITION OF HCBS

▪ HOME AND COMMUNITY-BASED SERVICES.—The term “home and community-based services” means any of the following:
  ▪ Home health care services
  ▪ Personal care services
  ▪ Program of All-inclusive Care for the Elderly (PACE) services
  ▪ Home and community-based services
  ▪ Case management services
  ▪ Rehabilitative services, including those related to behavioral health,
  ▪ Such other services specified by the Secretary of Health and Human Services.
The new funds must supplement, not supplant, the level of state HCBS spending as of April 1, 2021, and states must implement or expand one or more activities to enhance HCBS.

This means that in order to receive the 10-percentage point increase in federal funding, a state must:

- Preserve the amount, duration, and scope of covered HCBS;
- Maintain, and not reduce, HCBS provider payments rates; and,
- Not impose stricter eligibility standards for HCBS programs or services.

As a condition of accepting the enhanced federal funds, to reinvest the freed-up state funds to implement, or supplement implementation of, activities to “enhance, expand, or strengthen” Medicaid HCBS.
Currently spend $1,245,685,034 annually on HCBS.

Enhanced 10% match will allow us to reinvest $120,029,914 into HCBS over a three-year period and draw down additional match.
HSD seeking federal authority to amend 1115 Medicaid Waiver to:

- Allow reimbursement for beneficiaries who have diagnosis of Serious Mental Illness or Serious Emotional Disorder (SED) (ages 21-64) and are in Institution for Mental Disease with stay longer than 15 days;
- Add High-Fidelity Wraparound (HFW) service model for children who meet criteria of SED.
  - HFW is youth-driven, family-centered, community-based, and strengths-based and includes individualized planning process and action plan to support young person and their family;
- Create funding mechanism designed to develop new and/or expanded primary care Graduate Medical Education (GME) programs; and,
- Add COVID-19 vaccine coverage to members who have limited Medicaid benefit plans (i.e. Family Planning, Pregnancy related services, Emergency Medical Services for Aliens) and uninsured enrolled in COVID-19 testing and testing-related services eligibility group.

MEDICAID PANDEMIC WIND-DOWN: BIGGER CHALLENGE FOR THE STATE THAN PANDEMIC ITSELF

Current Timeframe for Planned End of PHE Activities

• Medicaid has developed a Hybrid model in alignment with federal guidance:
  • Consideration of specific populations for end of PHE activities (e.g. Individuals who have aged out of their approved coverage category)
  • A staggered approach to returning to pre-pandemic caseload maintenance to avoid “cliff effect”
• Assumption that federal PHE will terminate 12/31/21:
  • Maintenance of Effort must be maintained through end of PHE
  • This date is being targeted for full implementation of eligibility and other system changes
• Pre-termination activities to begin prior to 12/31/21:
  • Communications to Medicaid recipients regarding pending termination of PHE
  • Automated renewal activities on MOE cases re-initiated in October
• Roll off activities to begin 1/1/22 per current CMS guidance:
  • Current projections allow for a 90-day timeframe for completion of Wind Down activities (completion by 3/31/22)
  • Strategy for returning to pre-PHE case management utilizes a Hybrid approach to reverting to normal operations

HSD POST-PANDEMIC WORK-LIFE

- **HSD customers are FIRST Priority**
- Plan offers flexibility to most HSD employees to telework while assuring we meet customers’ needs.
- Effective date of July 6, 2021.
- Plan subject to change based on customer needs and CDC/DOH guidance, and NM public health orders.
- All staff working onsite in HSD building must follow COVID-safe practices.

BENALLY FAMILY* TODAY

- Julie and her family continue to experience poverty but are much less stressed. Her daughter is happier seeing mom smile more and well rested.

- Julie, “We have a support system now! I’m so grateful for my therapist who taught me about ACEs. I have greater awareness about how my past connects to my present. When facing problems, I better understand how to talk to my family about what to do, identify strengths we have in our cultural traditions, and stay hopeful in difficult situations.”

* Based on a real HSD client, whose name and photo has been changed.

Source: New Mexico Human Services Department, Income Support Division. May 2021 Data. Notes: (1) This report is a snapshot of the data as it existed when it was extracted; it is not updated. (2) Some data has 0 or NULL values for 50%. These are counted as nonzero 50% that are unable to produce matches (e.g., 49% of 50%, preceded by ‘W6’). (3) UNAP counts are based on program usage over a year. (4) A participant’s county is determined from physical address. (5) Participants include non-custodial parents paying child support through the CSED system. Custodial parents and dependent children are counted separately. (6) Any 5 digit zip code entered that does not map to New Mexico is classified as ‘Out of State’. If a participant’s zip code is miss-entered, it may be erroneously classified as out of state. (7) Participants are classified as Unknown when there is conflicting zip code information. (8) Unlike other programs, _E_BT benefits are counted in the month they are distributed rather than the benefit month. This is due to differences in the way they are distributed. (9) _E_BT data does not come from the source system with this zip code. (10) E_BT participants first name, last name, and date of birth to match with the records from the HSD systems where these participants are receiving other services. All _E_BT participants that are matched with this method are considered to only be receiving _E_BT services from HSD. The current months matching ratio is 69.29%. (11) Age is the age at the end of the selected month. There are 0.00% customers with unknown ages.

New Mexico Single Parent Households with Children as a Percentage of Households Children by County as of 2018

Section 2 | Demographic Data U.S. & New Mexico

2021 Data Book | New Mexico Human Services Department
GUIDING MEDICAID PRINCIPLES

1. New Mexico has highest population percentage covered by Medicaid, which creates a greater HSD responsibility to healthcare market and to fair payments.

2. Overwhelming majority of federal Medicaid dollars must be spent on providing direct services to Medicaid beneficiaries.

3. HSD aims to optimally leverage federal funds to improve health of New Mexicans, while maintaining strict compliance with the law.

\[
\text{Medicaid Managed Care Expenditures} = \text{Medical Expenditures} (> 86\%) + \text{Administrative Expenditures} (< 14\%)
\]

\[
\text{Total Medicaid Costs per Member} = \frac{\text{Medical Costs} + \text{Administrative Costs}}{\# \text{Members}}
\]
LABOR MARKET TRENDS IN PUBLIC HEALTH EMERGENCY

• April 2020 to April 2021: NM Unemployment rate drops from 11.9% to 8.2% (BLS, May data)

• April 2020 to April 2021: Labor force participation rate increases 54.8% to 57.2% (BLS, May data)

• Time series regression analysis of NM Medicaid eligibility indicates recovery of 10,000 jobs (8.3% -> 7.3% unemployment) corresponds to ≈ 9,500 Medicaid closures, and labor force employment of 885,353.

% Change Compared with Current HCBS Spending 28.76% 12.95% 12.93%

* Assumes 6.2% through 12/31/21

** The amount in this line shows the additional funds drawn down with one reinvestment of the SGF savings funds.

Funds must be spent in 3 years, model assumes equal spending in each year. State would gain more if more spent by Q1 2022.
