

Regional Stakeholder Planning Committee

The Regional Stakeholder Planning Committee was established to guide development of the Region 3 Behavioral Health Regional Plan. Members were selected to represent the sectors required by SB3 and the Administrative Office of the Courts IGA, including government, justice, healthcare, education, community organizations, and people with lived experience.

Justice

Region 3 Framework and Priority Areas

OVERARCHING FRAMEWORK: Trust • Equity • Prevention Across the Lifecycle

Guiding Principles Applied Across All Priorities

Priority 1
**Access, Basic Needs,
and Stability**

Priority 2
**System Coordination,
Infrastructure,
and Accountability**

Priority 3
**Workforce Capacity
and Community-
Based Supports**

These priorities were identified through E-SIM workshops, listening sessions, community surveys, and Regional Stakeholder Planning Committee review.

Recommendations

Overarching Priority	Proposed Population	Proposed Setting	Outcome/Impact	Funding Allocations
What	Who	Where	Why	
Access, Basic Needs, and Stability as the Foundation of Behavioral Health	Justice Involved adults and youth Mothers, infants and families with young children	Transitions of care including justice to community Community	Reduce transportation related barriers to care Increase housing stability Increase connection to vocational or employment supports	40% - Y1 35% - Y2 35% - Y3
System Coordination, Infrastructure, and Accountability	Justice Involved adults and youth	Community Hospital/CTC Detention Center/Court	Coordinated hub for connection to services through navigation and engagement Reduce justice involvement	40% - Y1 30 % - Y2 25% - Y3
Workforce Capacity and Community-Based Supports	Students Existing providers Peers	Academic/Schools Clinics/Hospitals	Increase number of treatment providers (professional/paraprofessional) that can serve the “essential to engage” populations identified	20% - Y1 35% - Y2 40% - Y3
