- ◆ Statewide Economic Development Finance Act (“SWEDFA”) was established in 2003 to help stimulate the economy, particularly in rural and underserved areas of the state by creating financing tools that put New Mexico on par with neighboring states
- ◆ SWEDFA requires that NMFA provide two reports to the NMFA Oversight Committee during the interim. This is the NMFA’s first report for 2022

- ◆ The Economic Development Revolving Fund (“EDRF”) is the Fund created under SWEDFA from which NMFA makes loans. EDRF is segregated into four sub-accounts:
  - ❑ **Smart Money** is a State funded loan participation program
  - ❑ **Collateral Support Participation** was a Federally funded loan participation program
  - ❑ **Essential Services Working Capital Program** provided direct working capital loans to essential service providers
  - ❑ **Cannabis Microbusiness Program (CMP)** provides start up capital to licensed cannabis micro-businesses
- ◆ EDRF is one of six funds NMFA is authorized to operate for community and economic development purposes
