

1. SB-9 and HB-33 Oil & Gas Taxes to Charter Schools

SB-9 - Public School Capital Improvements Act

22-25-7. Imposition of tax; limitation on expenditures.

C. For resolutions approved by the electors on or after July 1, 2009, the amount of tax revenue to be distributed to each charter school that was included in the resolution shall be determined each year and shall be in the same proportion as the average full-time-equivalent enrollment of the charter school on the fortieth day of the prior school year is to the total such enrollment in the school district; provided that no distribution shall be made to an approved charter school that had not commenced classroom instruction in the prior school year and, provided further, that, in determining a school district's total enrollment, students attending a state-chartered charter school within that school district shall be included. Each year, the department shall certify to the county treasurer of the county in which the eligible charter schools in the school district are located the percentage of the revenue to be distributed to each charter school. The county treasurer shall distribute the charter school's share of the property tax revenue directly to the charter school.

HB-33 - Public School Buildings Act

22-26-9. Charter schools; receipt of local property tax revenue.

If, in an election held after July 1, 2007, the qualified electors of a school district have voted in favor of the imposition of a property tax as provided in Section 22-26-3 NMSA 1978, the amount of tax revenue to be distributed to each charter school that was included in the resolution shall be determined each year and shall be in the same proportion as the average full-time-equivalent enrollment of the charter school on the first reporting date of the prior school year is to the total such enrollment in the district; provided that, in the case of an approved charter school that had not commenced classroom instruction in the prior school year, the estimated full-time-equivalent enrollment in the first year of instruction, as shown in the approved charter school application, shall be used, subject to adjustment after the first reporting date. Each year, the department shall certify to the county treasurer of the county in which the eligible charter schools in the school district are located the percentage of the revenue to be distributed to each charter school. The county treasurer shall distribute the charter school's share of the property tax revenue directly to the charter school.

Oil and Gas Ad Valorem Production Tax Act

7-32-14. Monthly report to department of finance and administration; remittance to state and county treasurers; state and county treasurers may distribute funds.

A. By the last day of each month, the department shall prepare and certify a report to the secretary of finance and administration. The report shall be for the preceding month and shall show the amount of taxes collected and distributed to the oil and gas production tax fund, the amount due the state and each taxing district imposing a tax as reflected by the schedules prepared pursuant to Section 7-32-13 NMSA 1978 and any other information required by the secretary of finance and administration. The secretary of finance and administration shall forthwith remit the appropriate amounts from the oil and gas production tax fund to the state treasurer and the respective county treasurers. The state treasurer and the county treasurers shall, upon receipt of such remittance, make appropriate distribution of the proceeds thereof, except as provided in Subsection B of this section.

B. If the board of county commissioners notifies the secretary of finance and administration that the county elects not to distribute the proceeds of the oil and gas ad valorem production tax due the municipalities, community college districts and school districts within the county, the secretary of finance and administration shall pay amounts due directly to municipalities, community college districts and school districts within the county.

Oil and Gas Production Equipment Ad Valorem Tax Act

7-34-9. Monthly report to department of finance and administration; remittances to state and county treasurers; state and county treasurers may distribute funds.

A. By the last day of each month, the department shall prepare and certify a report to the secretary of finance and administration. The report shall be for the preceding month and shall show the amount of taxes distributed to the oil and gas equipment tax fund, the amount due the state and each taxing district imposing a tax and any other information required by the secretary of finance and administration. The secretary of finance and administration shall forthwith remit the appropriate amounts from the oil and gas equipment tax fund to the state treasurer and the county treasurers who shall make the appropriate distribution, except as provided in Subsection B of this section.

B. If the board of county commissioners notifies the secretary of finance and administration that the county elects not to distribute the proceeds of the oil and gas ad valorem production equipment tax due the municipalities, community college districts and school districts in the county, the secretary of finance and administration shall pay amounts due directly to municipalities, community college districts and school districts within the county.

2. SB-9 and HB-33 Charter School Reports

SB-9 - Public School Capital Improvements Act

22-25-11. Expenditures by charter schools; reports to department.

A. No later than December 1 of each year, each locally chartered or state-chartered charter school that expects a state distribution or a distribution of property taxes pursuant to the Public School Capital Improvements Act during the next calendar year shall submit a report to the department and its chartering authority showing the purposes for which the expected distribution will be expended. The department shall review the report and, no later than twenty days after receiving the report, shall advise the charter school if, in its opinion, the proposed expenditures are consistent with law and shall provide a copy of the advice to the local district.

B. No later than January 31 of each year, each locally chartered or state-chartered charter school that received a state distribution or a distribution of property taxes pursuant to the Public School Capital Improvements Act during the preceding calendar year shall submit a report to the department and its chartering authority showing the purposes for which the distribution was expended and the amount expended for each purpose.

HB-33 - Public School Buildings Act

22-26-10. Expenditures by charter schools; reports to department.

A. No later than December 1 of each year, each locally chartered or state-chartered charter school that expects a distribution of property taxes pursuant to the Public School Buildings Act during the next calendar year shall submit a report to the department and its chartering authority showing the purposes for which the expected distribution will be expended. The department shall review the report and, no later than twenty days after receiving the report, shall advise the charter school if, in its opinion, the proposed expenditures are consistent with law and shall provide a copy of the advice to the local district.

B. No later than January 31 of each year, each locally chartered or state-chartered charter school that received a distribution of property taxes pursuant to the Public School Buildings Act during the preceding calendar year shall submit a report to the department and its chartering authority showing the purposes for which the distribution was expended and the amount expended for each purpose.

3. SB-9 State Match Calculation – Using Prior Year Data

SB-9 - Public School Capital Improvements Act

22-25-9. State distribution to school district imposing tax under certain circumstances.

A. Except as provided in Subsection C or G of this section, the secretary shall distribute to any school district that has imposed a tax under the Public School Capital Improvements Act an amount from the public school capital improvements fund that is equal to the amount by which the revenue estimated to be received from the imposed tax, at the rate certified by the department of finance and administration in accordance with Section 22-25-7 NMSA 1978, assuming a one hundred percent collection rate, is less than an amount calculated by multiplying the school district's first forty days' total program units by the amount specified in Subsection B of this section and further multiplying the product obtained by the tax rate approved by the qualified electors in the most recent election on the question of imposing a tax under the Public School Capital Improvements Act. The distribution shall be made each year that the tax is imposed in accordance with Section 22-25-7 NMSA 1978; provided that no state distribution from the public school capital improvements fund may be used for capital improvements to any administration building of a school district. In the event that sufficient funds are not available in the public school capital improvements fund to make the state distribution provided for in this section, the dollar per program unit figure shall be reduced as necessary.

B. In calculating the state distribution pursuant to Subsection A of this section, the following amounts shall be used:

(1) the amount calculated pursuant to Subsection D of this section per program unit; and

(2) an additional amount certified to the secretary by the public school capital outlay council. No later than June 1 of each year, the council shall determine the amount needed in the next fiscal year for public school capital outlay projects pursuant to the Public School Capital Outlay Act [Chapter 22, Article 24 NMSA 1978] and the amount of revenue, from all sources, available for the projects. If, in the sole discretion of the council, the amount available exceeds the amount needed, the council may certify an additional amount pursuant to this paragraph; provided that the sum of the amount calculated pursuant to this paragraph plus the amount in Paragraph (1) of this subsection shall not result in a total statewide distribution that, in the opinion of the council, exceeds one-half of the total revenue estimated to be received from taxes imposed pursuant to the Public School Capital Improvements Act.

C. For any fiscal year notwithstanding the amount calculated to be distributed pursuant to Subsections A and B of this section, except as provided in Subsection G of this section, a school district, the voters of which have approved a tax pursuant to Section 22-25-3 NMSA 1978, shall not receive a distribution less than the amount calculated pursuant to Subsection E of this section multiplied by the school district's first forty days' total program units and further multiplying the product obtained by the approved tax rate.

D. For purposes of calculating the distribution pursuant to Subsection B of this section, the amount used in Paragraph (1) of that subsection shall equal seventy dollars (\$70.00) in fiscal year 2008 and in each subsequent fiscal year shall equal the amount for the previous fiscal year adjusted by the percentage increase between the next preceding calendar year and the preceding calendar year of the consumer price index for the United States, all items, as published by the United States department of labor.

E. For purposes of calculating the minimum distribution pursuant to Subsection C of this section, the amount used in that subsection shall equal five dollars (\$5.00) through fiscal year 2005 and in each subsequent fiscal year shall equal the amount for the previous fiscal year adjusted by the percentage increase between the next preceding calendar year and the preceding calendar year of the consumer price index for the United States, all items, as published by the United States department of labor.
