

What are the Permanent Funds?

Land Grant Permanent Fund (LGPF)

- Established in 1912 through New Mexico's entry into statehood.
- Tied to the federal Ferguson Act of 1898 and the federal Enabling Act of 1910, which stipulated that land grants to be held in trust for the benefit of the public schools, universities, and other specific beneficiary institutions.
- Funded by income from non-renewable resources. Oil and gas revenues (rents, royalties, and bonuses) make up over 90 percent of contributions to the fund – 2020 contributions totaled about \$918 million.
- One of the largest sovereign wealth funds in the country – currently about \$23.415 billion.
- General fund distributions are earmarked for public schools.

Severance Tax Permanent Fund (STPF)

- Created by the New Mexico Legislature in 1973 as a way to save and invest the severance taxes not being used to bond capital projects [i.e. whatever severance tax funds not used for bonding then flow into the permanent fund].
- Voters approved constitutional protections for the fund restricting the legislature's ability to appropriate from the corpus of the fund. This, coupled with investment earnings, allows the fund to grow.
- Some years the legislature used almost all bonding capacity, leaving little for distribution into the permanent fund – for example, 2015 contributions totaled \$817 thousand, 2016 contributions totaled \$7.7 million, and 2017 contributions totaled \$37 (compared to a historical average of about \$40 million) – however, contributions from 2018-2021 ranged between \$29 million and \$271 million.
- Currently about \$6.3 billion.
- General fund distributions are non-earmarked.

Current Distributions from the Permanent Funds

Currently, 5 percent of the LGPF five-year average is distributed to 21 beneficiaries of the fund based on land-ownership. The general fund (earmarked for common schools) is the largest fund beneficiary, receiving approximately 85 percent of the distribution. Other beneficiaries include universities, hospitals, and other public institutions. In FY21, LGPF distributions to the general fund were about \$720 million. The FY22 distribution will be about \$782 million.

Currently, 4.7 percent of the STPF five-year average is annually distributed to the general fund. In FY21, STPF distributions to the general fund were about \$234 million. The FY22 distribution will be about \$246 million.

Distribution History

LGPF

- Originally, only interest earnings were distributed to beneficiaries.
- 1996, voters passed a constitutional amendment to raise the distribution amount to 4.7 percent of the five-year average value of the fund.
- 2003, by a slim margin (92.2 thousand for, 92.0 thousand against), voters passed a constitutional amendment to:
 - Raise the annual distribution to 5 percent,
 - Provide an additional distribution of 0.8 percent from FY06 – FY12 (totaling 5.8 percent),
 - Reduce the additional distribution to 0.5 percent from FY13 – FY16 (totaling 5.5 percent),
 - Earmark the general fund portion of the additional distributions to implement educational reforms.
- FY17, the distribution reverted back to 5 percent.
- In the 2021 regular legislative session, lawmakers passed a proposed constitutional amendment to add an additional 1.25 percent distribution from the permanent school fund of the LGPF, with 60 percent of the additional distribution for the provision of early childhood education and 40 percent for enhanced instruction for students at risk of failure, extending the school year, and public school teacher compensation. The measure will be voted on in the next general election (November 2022) and requires the consent of Congress.

STPF

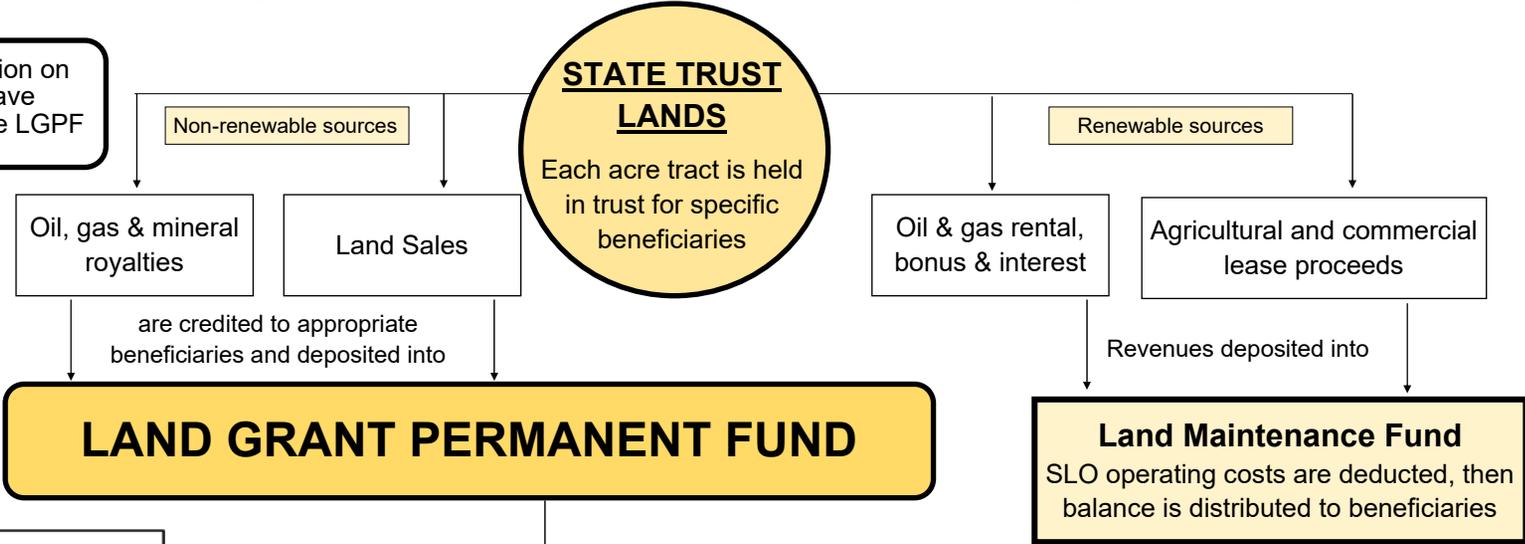

- 1996, voters passed a constitutional amendment to allow for a distribution of 4.7 percent of the five-year average value of the fund.

LAND GRANT PERMANENT FUND

The LGPF is derived from lands granted by the United States to the territory of New Mexico under the Ferguson Act of 1898 and from additional lands granted by the Enabling Act of 1910. These state trust lands are held in perpetual trust for twenty-one designated beneficiaries, and are administered by the Commissioner of Public Lands. Revenues from minerals extracted or the sale of these lands are periodically transferred to the LGPF and invested as a permanent endowment by the State Investment Council.

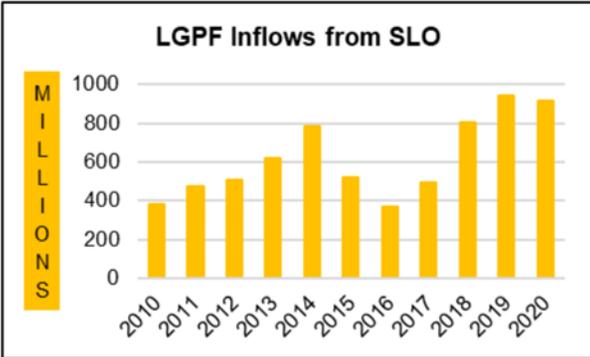

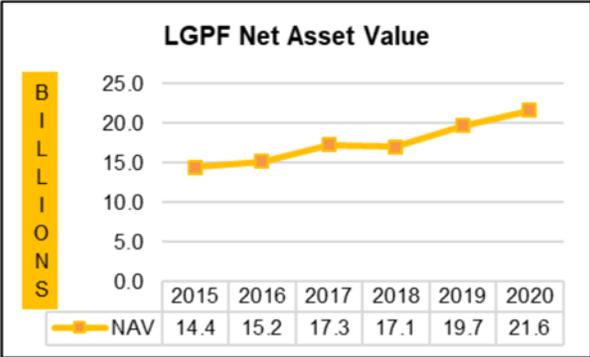

Royalties from oil and gas production on New Mexico state trust lands have provided 98% of the revenues to the LGPF

Sec. 7. [Act to be partial grant only.]

That this act is intended only as a partial grant of the lands to which said territory may be entitled upon its admission into the union as a state, reserving the question as to the total amount of lands to be granted to said territory until the admission of said territory as a state shall be determined on by congress.

And it shall be unlawful to cut, remove, or appropriate in any way any timber growing upon the lands leased under the provisions of this act, and not more than one section of land shall be leased to any one person, corporation, or association of persons, and no lease shall be made for a longer period than five years, and all leases shall terminate on the admission of said territory as a state; and all money received on account of such leases in excess of actual expenses necessarily incurred in connection with the execution thereof shall be placed to the credit of separate funds for the use of said institutions, and shall be paid out only as directed by the legislative assembly of said territory, and for the purposes indicated herein. The remainder of the lands granted by this act, except those lands which may be leased only as above provided, may be sold under such laws and regulations as may be hereafter prescribed by the legislative assembly of said territory; and all such necessary costs and expenses as may be incurred in the management, protection, and sale of said lands may be paid out of the proceeds derived from such sales; and not more than one-quarter section of land shall be sold to any one person, corporation, or association of persons, and no sale of said lands or any portion thereof shall be made for less than one dollar and twenty-five cents per acre; and all money received on account of such sales, after deducting the actual expenses necessarily incurred in connection with the execution thereof, shall be placed to the credit of separate funds created for the respective purposes named in this act, and shall be used only as the legislative assembly of said territory may direct, and only for the use of the institutions or purposes for which the respective grants of lands are made: provided, that such legislative assembly may provide for leasing all or any part of the lands granted in this act on the same terms and under the same limitations prescribed above as to the lands that may be leased only, but all leases made under the provisions of this act shall be subject to the approval of the secretary of the interior, and all investments made or securities purchased with the proceeds of sales or leases of lands provided for by this act shall be subject to like approval by the secretary of the interior.

Article XXI Compact with the United States

Sec. 9. [Consent to Enabling Act provisions.]

This state and its people consent to all and singular the provisions of the said act of congress, approved June twentieth, nineteen hundred and ten, concerning the lands by said act granted or confirmed to this state, the terms and conditions upon which said grants and confirmations were made and the means and manner of enforcing such terms and conditions, all in every respect and particular as in said act provided.

Cross references. — For provisions regarding administration and disposition of public lands, see N.M. Const., art. XIII.

"Act of congress". — This section refers to Enabling Act (June 20, 1910, 36 Stat. 557, ch. 310, §§ 2, 6 to 12, 18), which is set out in Pamphlet 3.

ANNOTATIONS

Enabling Act part of New Mexico fundamental law. — Enabling Act became as much a part of New Mexico fundamental law as if it had been directly incorporated into New Mexico constitution, and provision forbidding donations or pledges of credit by state, except as otherwise permitted (N.M. Const., art. IX, § 14), allowed use of trust funds as required under Enabling Act. *State ex rel. Interstate Stream Comm'n v. Reynolds*, 1963-NMSC-023, 71 N.M. 389, 378 P.2d 622.

Constitutional amendment required to overcome Enabling Act provisions. — Not only must congress consent to diversion from their original objects and purposes of proceeds from lands granted by congress to state, but state constitution must be amended before such consent can be effectuated. *Bryant v. Board of Loan Comm'rs*, 1922-NMSC-069, 28 N.M. 319, 211 P. 597. See N.M. Const., art. XXI, § 10, on irrevocability of compact.

Excerpts from the New Mexico State Constitution

Article XIV Public Institutions

Section 1. [State institutions.]

The penitentiary at Santa Fe, the miners' hospital at Raton, the New Mexico state hospital at Las Vegas, the New Mexico boys' school at Springer, the girls' welfare home at Albuquerque, the Carrie Tingley crippled children's hospital at Truth or Consequences and the Los Lunas mental hospital at Los Lunas are hereby confirmed as state institutions. (As amended September 20, 1955 and November 8, 1960.)

Sec. 2. [Federal land grants and donations.]

All lands which have been or which may be granted to the state by congress for the purpose of said several institutions are hereby accepted for said several institutions with all other grants, donations or devices for the benefit of the same and shall be exclusively used for the purpose for which they were or may be granted, donated or devised.

ANNOTATIONS

Miners' hospital. — In its constitution New Mexico expressly accepted conditions imposed on land grant trusts for miners' hospitals for disabled miners, confirmed the miners' hospital at Raton as a state institution, accepted all of the trust lands and stated that they would be "exclusively used for the purpose" for which they were granted. *United States v. New Mexico*, 536 F.2d 1324 (10th Cir. 1976).

No amendment necessary should land grant beneficiary move. — So long as the seven institutions named in N.M. Const., [art. XIV, § 1](#), remain named as the land grant beneficiaries, no amendment of that section is necessary should one of the institutions move to another location. 1980 Op. Att'y Gen. No. 80-16.

Hospital entitled to funds if remains essentially as defined. — If the Carrie Tingley crippled children's hospital should move from Truth or Consequences to another location, but, nevertheless, remain essentially the institution defined in N.M. Const., [art. XIV, § 1](#), it would retain its entitlement to the funds derived from lands granted under the Enabling Act. 1980 Op. Att'y Gen. No. 80-16.

21 failure, extending the school year and public school teacher
22 compensation; and

23 (2) sixty percent of the additional
24 distribution shall be for the provision of early childhood
25 education.

1 I. As used in this section, "early childhood
2 education" means nonsectarian and nondenominational education
3 for children until they are eligible for kindergarten.

4 J. The legislature, by a three-fifths' vote of the
5 members elected to each house, may suspend any additional
6 distribution provided for in Subsection G of this section."

7 SECTION 2. The amendment proposed by this resolution

Taxes are transferred monthly to the **Severance Tax Bonding Fund** administered by the State Treasurer's Office for **Debt Service Requirements on Senior and Supplemental Bonds** issued under the **Severance Tax Bonding Act** for capital projects

Amounts in the Bonding Fund in excess of the amounts necessary to service bond principal and interest payments are transferred twice a year to the **Severance Tax Permanent Fund**

Sec. 10. [Severance tax permanent fund.]

A. There shall be deposited in a permanent trust fund known as the "severance tax permanent fund" that part of state revenue derived from excise taxes that have been or shall be designated severance taxes imposed upon the severance of natural resources within this state, in excess of that amount that has been or shall be reserved by statute for the payment of principal and interest on outstanding bonds to which severance tax revenue has been or shall be pledged. Money in the severance tax permanent fund shall be invested as provided by law. Distributions from the fund shall be appropriated by the legislature as other general operating revenue is appropriated for the benefit of the people of the state.

B. All additions to the fund and all earnings, including interest, dividends and capital gains from investment of the fund shall be credited to the corpus of the fund.

C. The annual distributions from the fund shall be one hundred two percent of the amount distributed in the immediately preceding fiscal year until the annual distributions equal four and seven-tenths percent of the average of the year-end market values of the fund for the immediately preceding five calendar years. Thereafter, the amount of the annual distributions shall be four and seven-tenths percent of the average of the year-end market values of the fund for the immediately preceding five calendar years.

D. The frequency and the time of the distributions made pursuant to Subsection C of this section shall be as provided by law. (As added November 2, 1976; as amended November 2, 1982 and November 5, 1996.)

The 1996 amendment, which was proposed by S.J.R. No. 2 (Laws 1996) and adopted at the general election held November 5, 1996, by a vote of 307,442 for and 153,021 against, divided the section into subsections, rewrote Subsection A, and added Subsections B, C, and D.

The 1982 amendment, which was proposed by H.J.R. No. 12 (Laws 1981) and adopted at the general election held on November 2, 1982, by a vote of 125,727 for and 125,324 against, deleted the third sentence of the first paragraph, as set out in the original pamphlet.

The 1976 amendment, which was proposed by H.J.R. No. 5 (Laws 1975) and adopted at the general election held on November 2, 1976, with a vote of 155,365 for and 99,386 against, added a new Section 10 to Article VIII. The resolution did not state whether the provision would be a new Section 10, but the former compiler so designated it, and the present compiler has left it as such for the sake of consistency.

Compiler's notes. — See compiler's note to N.M. Const., art. VIII, § 8.

An amendment proposed by H.J.R. No. 7 (Laws 1994), which would have rewritten this section to provide that all earnings of the fund be deposited in it and providing for limited distributions from the fund was submitted to the people in the general election held on November 8, 1994. It was defeated by a vote of 173,924 for and 208,556 against.

Cross references. — For creation of severance tax permanent and income funds, see 7-27-3 NMSA 1978.

ANNOTATIONS

Constitutionality of 1990 workers' compensation legislation. — The 1990 workers' compensation legislation is constitutionally infirm under this section to the extent the legislature intends to supplant its judgment for that of the state investment council and the state investment officer in determining whether to invest the severance tax permanent fund in bonds issued by the employers mutual company and to direct that the severance tax permanent fund purchase those bonds. To that extent also, the legislation may constitute a prohibited loan guaranty arrangement under N.M. Const., art. IX, § 14. However, the legislature has not clearly and unequivocally mandated the purchase. Consequently, it may not be concluded that the legislation is patently unconstitutional on those grounds. 1990 Op. Att'y Gen. No. 90-25.

Fund not "permanent" as contemplated in investment of permanent school fund. — The severance tax permanent fund is not a permanent fund as contemplated by N.M. Const., art. XII, § 7, relating to investment of permanent school fund. The severance tax fund and the various land grant permanent funds are fundamentally different. 1977 Op. Att'y Gen. No. 77-10.
