

Balloon Fiesta Park Infrastructure Improvements

- **Previous years improvements**

- I-25 Slip Ramp
 - Supporting egress from Balloon Fiesta Park

- Upper Bus Depot
 - Supports park and ride and ride share at events other than Fiesta

- Horizon entrance to the Los Angeles Landfill parking lot
 - Removes general parking from the shuttle entrance to LA Lot

- **Improvements during 2026 Fiesta**

- Vendors row completed and performed beautifully
 - Addition of 44 new pedestals to complete the row of 86 total – zero infrastructure incidents

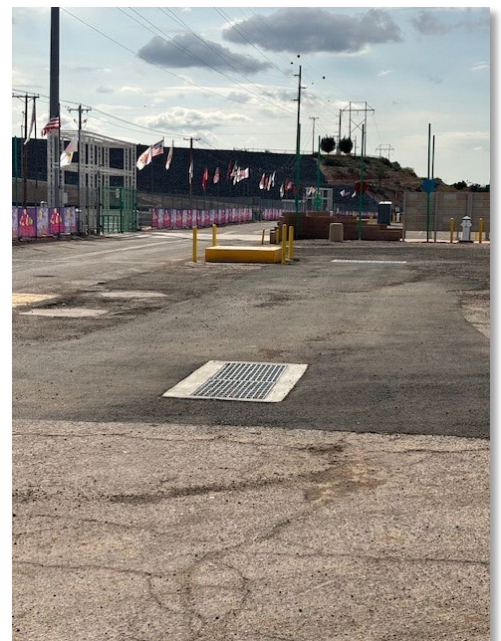

- Gondola Gulch road and slope stabilization
 - Temporary pedestrian walkway on the road itself reduced road to one lane
 - Rock stabilization of slope south of GG proved valuable through the 2 storms prior to Fiesta that delivered over 3" of rain

- 2nd Fiesta for the new South Restroom
 - No issues with the restroom – performed great
 - Unveiling of the new mural on the building at 2026 Fiesta

- Additional storm water drain inlets added to the east side of the park to reduce the ponding

- **Improvements toward 2027 Fiesta**
 - ADA walkway along Gondola Gulch
 - Will open the road for 2-way traffic
 - Provide a needed ADA access from the upper east parking lots to the field
