

TOBACCO SETTLEMENT REVENUE OVERSIGHT COMMITTEE

TOBACCO SETTLEMENT REVENUE (TSR) FUNDING REQUEST

Name of entity requesting TSR funds: DOH/PHD/Diabetes Prevention and Control Program

Name(s) of each program for which TSR funds will be used: Diabetes Prevention and Control Program

Description of each program, including its purpose:

The purpose of the Diabetes Prevention and Control Program is to reduce the burden of diabetes in New Mexico.

Have you requested TSR funds prior to this request? ☒ Yes ☐ No

Have you received TSR funds prior to this request? ☒ Yes ☐ No

If yes, in what fiscal years? Since at least 2005 and prior to that as well, but I don't know when it started.

What will you use the requested funds for? Please include goals and objectives.

Goal 1: Prevent or delay diabetes.
Strategies (objectives):
1) Increase the reach, capacity and sustainability of NM's National Diabetes Prevention Program (NDPP) through infrastructure building, workforce development and health plan coverage.
2) Promote awareness of prediabetes among health care providers and people at high risk for type 2 diabetes.
3) Use existing and new data sets for prediabetes surveillance and quality improvement of DPCP's diabetes prevention initiatives.
4) Support environmental and policy approaches to prevent diabetes by participating in the bureau's healthy hospital initiative (H&H).

Goal 2: Prevent complications, disabilities and burden associated with diabetes and related chronic conditions.
Strategies (objectives):
1) Increase participation in ADA-recognized, AACE-accredited, and/or Standard licensed diabetes self-management education (DSME) programs.
2) Increase the reach, capacity and sustainability of NM's CDSAP/DSAP (payCD workshops) through infrastructure building, workforce development and health plan coverage.
3) Improve diabetes management through meal planning, preparation skills, and nutrition education.
4) Educate providers about chronic disease management programs and measure the impact, when possible, of these efforts.
5) Use existing and new data sets for diabetes surveillance and planning and quality improvement of chronic disease management initiatives.
6) Support environmental and policy approaches to manage diabetes and related chronic conditions by participating in the bureau's healthy hospital initiative (H&H).

Goal 3: Advance health equity to improve health outcomes and quality of life among all New Mexicans.
Strategy (objective):

Is this a change from previous years' use? ☐ Yes ☒ No

If yes, please describe the change and reason(s):

No, the DPCP's goals and strategies (objectives) have been consistent for several years now. Annual activities may slightly change as we progress in our efforts.

Amount requested (Total amount, and amount for each program):

\$748,500
Personnel: \$242,500
Professional Services: \$505,500

What other sources of funding are applied to this purpose?

State General funds
Federal funds from the Centers for Disease Control and Prevention
Federal funds from the Administration for Community Living (2 year grant for FYs 17 and 18 only)
