MEMORANDUM

TO: New Mexico Legislators

FR: Frances Ramírez-Maestas

RE: SUMMARY OF PUBLIC EDUCATION-RELATED LEGISLATION PASSED BY THE 52ND LEGISLATURE, 1ST SPECIAL SESSION, 2015, *After Executive Action*

This memo and the attached materials provide an overview of legislation from the 1st Special Session of the 52nd Legislature related to public school education-related appropriations, after executive action.

On June 5, 2015 the Governor issued an Executive Proclamation calling the 52nd Legislature into special session at noon on Monday, June 8, 2015, to consider legislation to (1) authorize funding for capital outlay projects statewide; (2) amend and create new sections of current tax law; and (3) provide emergency funding for the Department of Health and the Administrative Office of the Courts. By the evening of the same day, the Legislature adjourned with the passage of three bills.

After Executive Action, all three bills were enacted into law as follows:

- ***House Bill 1, Feed Bill & Supplemental Appropriations [SGND (June 12) Ch. 1], Rep. Gentry** – appropriates \$112,000 from legislative cash balances to various legislative agencies for the purpose of funding the expenses of the special session and authorizing standing committees necessary for the development of the state budget to meet the week before the 2016 legislative sessions; and appropriates \$4.3 million from the General

Fund, including \$4.0 million to the Department of Health and \$300,000 appropriated to the Administrative Office of the Courts to address FY 15 projected shortfalls in each agency.

- **House Bill 2, Tax Package [SGND (June 15) Ch. 2], Rep. Lewis** – amends and creates new sections of tax law to:
 - allow the Taxation and Revenue Department to reveal tax return information to an authorized representative of a local government of another state who administers that state’s tax law;
 - increase the amount of Angel Investment Credits that can be issued each year to an aggregate of \$2.0 million and eliminate certain investment restrictions;
 - create an income tax deduction for certain unreimbursed or uncompensated medical care expenses through December 31, 2024;
 - revise the due date for corporate income tax (CIT) and franchise tax filing and electronic payment submissions;
 - amend the *Uniform Division of Income for Tax Purposes Act* to allow optional single-sales income apportioning for CIT taxpayers whose principal business activity in the state is a headquarters operation;
 - restore the gross receipts tax deduction for trade-support companies that first locate in a border zone in fiscal years 2016-2021;
 - create a new section of the *Gross Receipts and Compensating Tax Act* to make deductible, through December 31, 2020, the receipts from the sale of research and development services and energy and satellite-related inputs by a qualified contractor under contract with the United States Department of Defense;
 - expand and rename the Technology Jobs Tax Credit to the *Technology Jobs and Research and Development Tax Credit Act*; and
 - align the petroleum products loading fee with the gasoline tax to prevent double taxation under special circumstances.

- **Senate Bill 1, Capital Outlay Package [SGND (June 17) Ch. 3 (partial veto)], Sen. Cisneros** – authorizes \$295 million (\$212.3 million from severance tax bond capacity, \$30 million from the General Fund, and approximately \$52.7 million from other state funds) to fund \$211 million state-owned and -operated facilities and \$84 million for local projects.

For review, attached are two tables which delineate education-related projects included in Senate Bill 1.

Table 1 includes:

- statewide projects funded through the Public School Capital Outlay Fund;
- state-chartered charter schools funded through Severance Tax Bonds;
- direct appropriations to districts funded through Severance Tax Bonds; and
- constitutional schools funded through Severance Tax Bonds.

Table 2 outlines other education-related projects funded through Severance Tax Bonds.
