14	419	EDD	Economic development commission — approves 5-year plan; advise dept;	✓	✓	For Self	✓		Admin attached to EDD. If commerce department is created, this would be combined with tourism & other planning functions.	Combine with other Commerce Dept boards and commissions	7.5	0.0	If Commerce is not adopted, consolidate into EDD commission. Already administratively attached to the Economic Development Department. The commission rarely directs EDD, and EDD does not go to the go to the Commission for direction. Approves five-year plan; however, EDD is a cabinet level agency - usually takes direction from the governor. Could save money.		
15	419	EDD	Film and media industries, governor's council on — 30-member council w/ 7-member executive board (executive board may create subcommittees; law silent as to whether they have to use only council members); advise on promotion of NM film production.		✓		✓		Overlap with economic development commission and film division. Question: Is council redundant or unnecessary? Too big - 30 members; shouldn't have to have 7 member executive board.	Combine with other Commerce Dept boards and commissions	5.8	0.0	If Commerce is not adopted, consolidate into EDD commission. Such a large council probably is not very effective, hard to reach consensus. The council may have been useful when the industry was in its infancy; today, the industry is pretty vibrant. Consolidation with other proposed Commerce Department boards and commissions could help focus statewide strategic economic development and tourism planning.		
16	419	EDD	Industrial training board — (Job Training Incentive Program (JTIP)) only 2 members are public; others are agency personnel; establishes policies for administration of in-plant training funds	✓		✓			Board approves in-plant training funds - JTIP. Two public members; others are ex officio.	Combine with other Commerce Dept boards and commissions	< 1.0	0.0	If Commerce is not adopted, consolidate into EDD commission. Consolidation with other proposed Commerce Department boards and commissions could help focus statewide strategic economic development and tourism planning.		
17	631	DWS	Labor & industrial commission — advise secretary in enforcement of labor laws		✓				Admin attached to WSD w/several labor & training organizations.		26.2	0.0	No change. 19	419	EDD	New Mexico-Chihuahua commission — cross-border, intergovernmental body that may negotiate agreements for cooperative projects		✓		✓		Administratively attached to EDD. Probably more ceremonial than functional, but functional duties may overlap with border authority. Cost would be in preparation for and attendance at meetings.	Combine with other Commerce Dept boards and commissions	< 1.0	0.0	If Commerce is not adopted, consolidate into EDD commission. Commission acts much like the Border Authority and Office of Mexican Affairs at EDD. Consolidation with other proposed Commerce Department boards and commissions could help focus statewide strategic planning.		
20	419	EDD	New Mexico-Sonora commission — cross-border, intergovernmental body that may negotiate agreements for cooperative projects no direct GF approp, though any "visits" between the two will cost EDD and/or governor budget.		✓		✓		Administratively attached to EDD, similar to border authority in many respects; may be more ceremonial than functional. Cost would be in preparation for and attendance at meetings.	Combine with other Commerce Dept boards and commissions	< 1.0	0.0	If Commerce is not adopted, consolidate into EDD commission. It is unclear why there is a need for separate Sonora and Chihuahua commissions. Consolidation with other proposed Commerce Department boards and commissions could help focus statewide strategic economic development and tourism planning.
