- **IAD, as the key coordinating agency, promotes collaborative, productive and lasting government-to-government relationships**
- **IAD manages and facilitates ways to increase and leverage state resources and collaborations with international, national, tribal and other organizations to benefit New Mexico's Native Americans**

IAD: Providing Tribes with Action-Oriented Services

Assisting New Mexico's communities interested in taking control of their economic future.

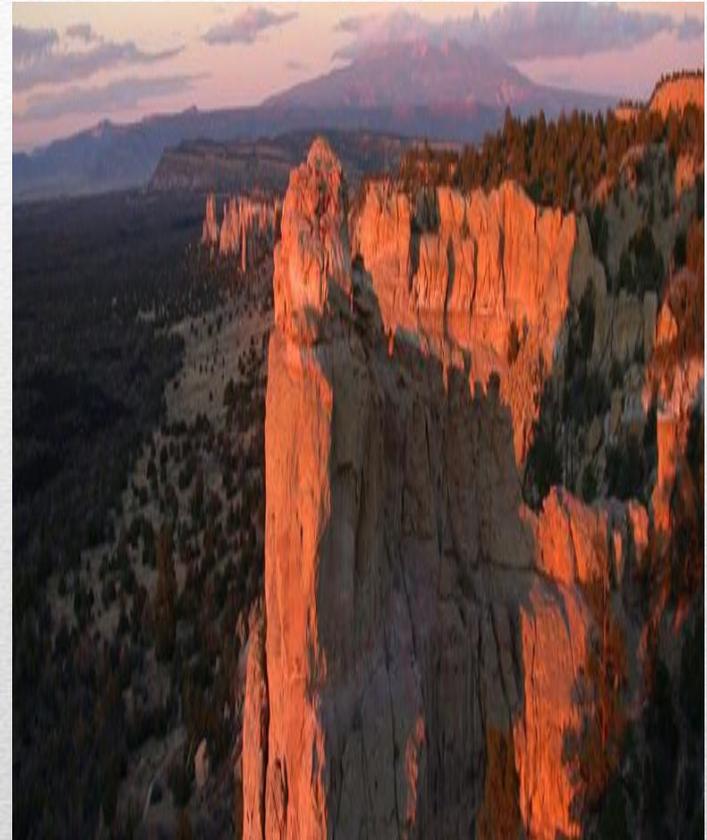

Assisting communities in a phased-in approach of capacity building and implementing an economic development program

Establishing a stable, diversified economy to improve the quality of life.
