

Molina Healthcare of New Mexico, Inc.

#	Legislative Request*	Response			Notes
1	As of July 1, 2015, the number of unduplicated members statewide and by county (broken out by adults and children under 19) served by your organization				
	Statewide	Adults 101,214	Children 117,339	Total 218,553	County detail attached
2	Of those members tallied in #1, the number of unduplicated members for whom you have received a claim for one or more behavioral health services rendered in 2015;			23,383	Members served and penetration rate understated due to claims lag associated with the amount of time required by providers to submit claim following delivery of service.
3	Of those members tallied in #1, the number classified as adults with serious mental illness (SMI) and the number classified as children with serious emotional disturbance (SED)				
	Adults with SMI			11,079	
	Children with SED			8,851	
4	Of those members with SMI or SED, the number of unduplicated members in each of these categories for whom you have received six or more claims for behavioral health services rendered in the first six months of 2015, both statewide and by county:				Members served and penetration rate understated due to multiple services/days on one claim, 6 month period, and claims lag
	Adults with SMI			1,473	
	Children with SED			1,252	
5	The number of former Medicaid recipients (non-expansion recipients) with a prior history of utilization of behavioral health services who are now your members, and of those, the number of unduplicated members for whom you have received a claim for one or more behavioral health services rendered in the first six months of 2015		Data not available		Several factors create difficulties in supplying the requested data, including identification of former Medicaid recipients, MCO availability of Optum data prior to 1/1/14, and member changes in MCOs. MCOs will be happy to work with the Committee to refine the data elements to improve feasibility and support the purpose of the request
6	The number of new members who are eligible for traditional Medicaid (non-expansion who are new enrollees since January 1, 2014) that are now served by your managed care organization		Data not available		MCO eligibility data does not include historical eligibility indicators.
7	The number of new members who are eligible for expanded Medicaid that are now served by your managed care organization			62,724	
8	The number of non-expansion members for whom you have received six or more claims for behavioral health services rendered between January 1, 2014 and July 1, 2015			12,176	Members served and penetration rate understated due to multiple services/days on one claim, 6 month period, and claims lag
9	The number of Medicaid expansion members for whom you have received six or more claims for behavioral health services rendered between January 1, 2014 and July 1, 2015			4,293	Members served and penetration rate understated due to multiple services/days on one claim, and claims lag
10	An explanation of the procedure by which your organization receives information from core service agencies designating your members as SMI or SED		Information is received via CSA claims data and captured on Report #45 CSA report; via CSA referrals to Molina for care coordination; and via Molina's care coordination process when contacting CSAs		
11	By category, the number of members designated as SMI or SED that your organization has been unable to find		SMI=529; SED=381; Total=910		
12	By category, the number of members designated as SMI or SED that your organization has determined to be homeless		Data not available		MCOs do not have reportable fields for homeless members. MCOs can supply descriptions of care coordination and other activities designed to support the needs of homeless members.
13	Of those members tallied in #1, the number who have a substance use disorder (SUD) diagnosis				
	Statewide	Adults 4,439	Children 241	Total 4,680	County detail attached
14	Of those members tallied in #1, the number who have a behavioral health diagnosis accompanied by a co-occurring SUD diagnosis				
	Statewide	Adults 3,255	Children 190	Total 3,445	County detail attached
15	Of those members who are classified as having SMI, the number having a co-occurring SUD diagnosis	1,298		1,298	
16	Of those members who are classified as having SED, the number having a co-occurring SUD diagnosis		238	238	
17	Of those members tallied in #13, the number of unduplicated members for whom you have received a claim for one or more SUD services rendered in 2015				Substance use service defined as primary diagnosis of substance abuse with services from a behavioral health provider type. Services in medical settings are excluded, such as ER and medical detox.
