Path to Becoming a Physician

Accreditation of GME

- Accreditation Council of Graduate Medical (ACGME) Education or American Osteopathic Association (AOA) accredits residencies separately until 2020 after which all residencies will be accredited by the ACGME
 - In NM: 53 UNM programs + 2 stand alone family medicine programs (Hildago Medical Center in Silver City and Memorial Hospital in Las Cruces)
 - 2 more program seeking accreditation (Plastic surgery and Clinical Informatics)
- Accreditation of Institution, Program, and Hospital learning environment

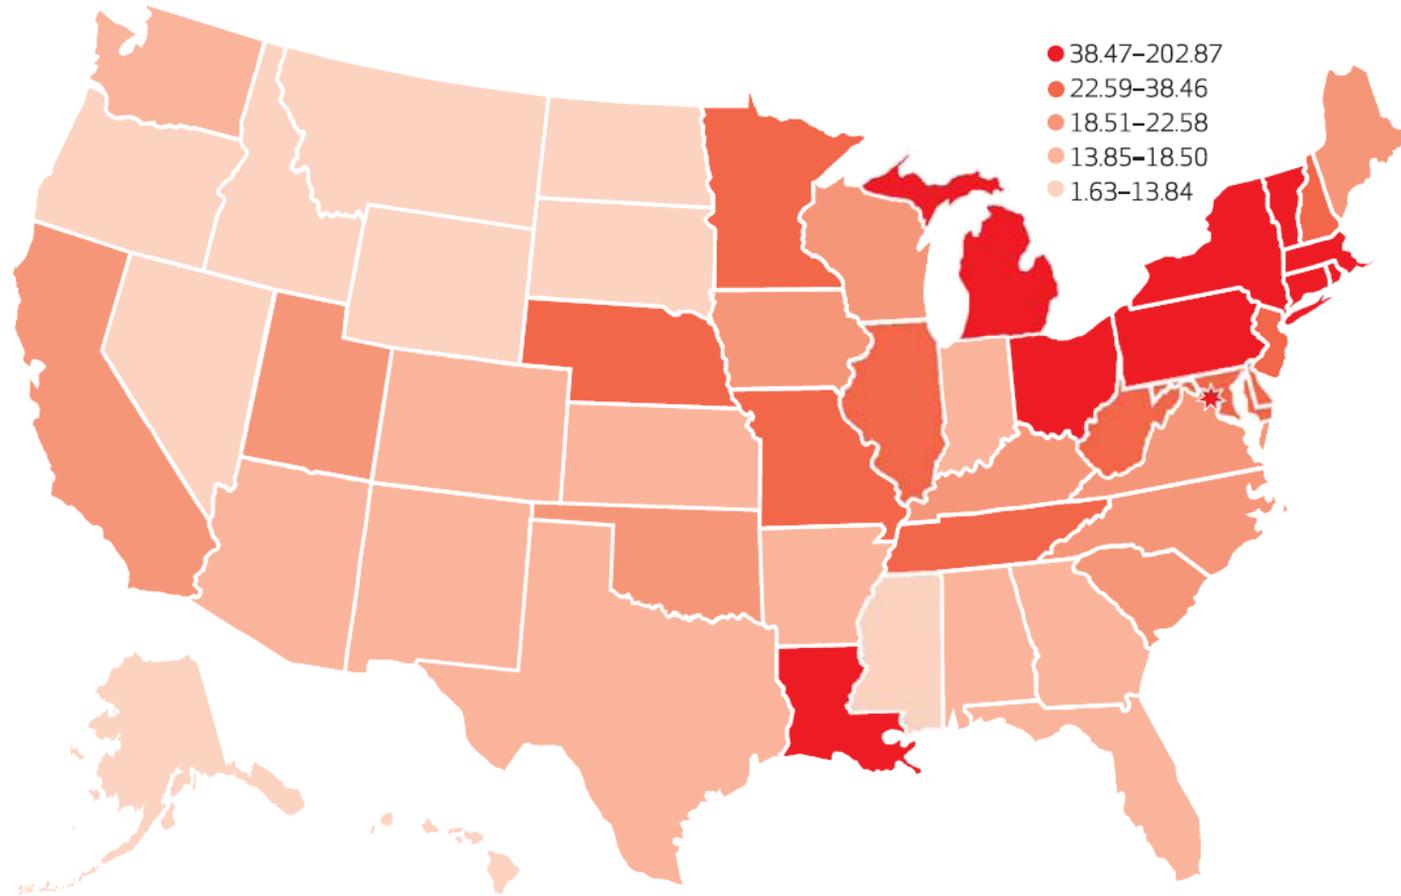

Funding of Residency Positions

- 1965-1984 – teaching hospitals/physicians billed more per service to pay for residency positions
- 1984 – Medicare Prospective Payment System
 - Set payment for services
 - DME – paid to hospitals for residency salary and faculty time
 - IME – paid to hospitals for decreased efficiency of sicker patients
 - **Single payer system established**

Funding of Residency Positions

- 1997-2011 – Balanced Budget Act
 - Limited the number of residency positions Medicare funded
- 2011-present – Institutions seek alternative funding
 - Affordable Care Act – Federally qualified teaching centers
 - State funded positions
 - Medicaid cost sharing

Distribution Medicare Cap per 100,000 in 2010

UNM Residency Funding

| Funding Source | Number of residency positions |
|---|-------------------------------|
| University Hospital | 413 |
| Veterans' Affairs | ~100 |
| Other Hospitals | 24 |
| Individual UNM School of Medicine Departments | 63 |
| State Funding | 18 |

We will be returning during the 2016 legislative session to request the next 9 GME State Funded Positions

UNM State Funded Positions

- Increased exposure to underserved populations
 - Rural
 - Homeless
- Psychiatrists in Primary Care Settings
- Increased exposure to non-hospital based primary care
- Increased number of residents accepted into Primary Care

Conclusion

- GME is a complex enterprise incapable of rapid expansion
- State funded GME positions allow for greater exposure to under-represented and underserved populations throughout NM
