SUMMARY

Synopsis of Bill

Senate Bill 2 represents the Legislative Finance Committee recommendation for funding the FY04 recurring operations of state government. It appropriates general fund, other state funds, internal service funds/interagency transfers and federal funds for the operation of state agencies, higher education and public school support. The bill includes funding for 21,063.10 permanent, 2,770.6 term and 187.5 temporary employees for a total of 24,021.20 employees. See the fiscal implications sec-

tion of this report for the breakout of appropriations between recurring and nonrecurring funding sources.

1. Section 4, Fiscal Year 2004 Appropriations (pages 5 through 198). This section provides funding for state agencies, higher education and public school support. See **Attachment A** for general fund appropriations by agency.
2. Section 5 Special Appropriations (pages 199 through 201); Section 6, Supplemental and Deficiency Appropriations (pages 201 through 202); Section 7, Data Processing Appropriations (pages 202 through 205); and Section 8, Compensation Appropriations (pages 205 through 207). Please see **Attachment B** for specifics.
 - Section 5 appropriates money for expenditure in FY03 and FY04 for various special purposes.
 - Section 6 appropriates money for expenditure in FY03 to make up shortfalls in FY02 and projected shortfalls in FY03.
 - Section 7 appropriates money for expenditures in FY03 and FY04 for major information technology projects.
 - Section 8 appropriates money for a 2 percent salary increase for legislative, judicial, district attorneys and other public employees, effective January 2004. Section 8 also appropriates a 2 percent salary increase for higher education faculty and staff effective July 2003. (Under Section 4, Public School Support, the state equalization guarantee contains sufficient funds to provide a 2.5 percent salary increase for teachers and a 2 percent salary increase for all other public school employees, effective July 2003.)

Significant Issues

General fund operating appropriations for most legislative agencies are contained in House Bill 1, the Feed Bill.

Supplemental budget adjustment authority for FY03 or budget adjustment authority for FY04, usually included in the General Appropriation Act, is not included in this introduced version. It is expected that such authority will be included in future substitutes or amendments of this bill.
