SUMMARY

Synopsis of Bill

Senate Memorial 39 requests that the Explora! Science Center, the Children's Museum and the State Department of Education develop procedures for informing schools of the availability of the center as an educational resource.

Significant Issues

According to SDE, the Explora! Center creates engaging interactive experiences that provide opportunities for discovery and promote lifelong learning through interactive experiences in science, technology and art.

The center and the Children's Museum are statewide resources and procedures are being developed to allow students from school districts that are located a significant distance from Albuquerque to spend the night at the facility.
