SUMMARY

Synopsis of Bill

House Bill 669 appropriates \$500,000 from the general fund to the Public Education Department to pay for a Golden Apple Program in New Mexico.

According to the Golden Apple Foundation, the Golden Apple Program recruits, prepares, and mentors new teachers; creates model programs and partnerships; and encourages all teachers to attain ever-higher levels of excellence and commitment to teaching as their life's work. Individual Golden Apple programs distribute awards to selected teachers that may include training and a stipend.

In New Mexico, the program has provided supplementary mentoring to Level I teachers to assist them in using the 3-Tiered Licensing system as a tool for increasing teaching effectiveness and career progress. The program provides training and preparation for mentors to further enable them to provide this support to beginning teachers in their classrooms and in their professional development. It also provides support to teachers just entering the profession through their participation in a comprehensive summer program which includes collaborative teaching, supervision by mentors, reflective seminars and instruction on the 3-Tiered Teacher Licensing system

FISCAL IMPLICATIONS

The appropriation of \$500,000 contained in this bill is a recurring expense to the general fund. Any unexpended or unencumbered balance remaining at the end of fiscal year 2007 shall revert to the general fund.

SIGNIFICANT ISSUES

This program was funded for fiscal year 2006 in the General Appropriation act. According to the Public Education Department, the funds appropriated for the Golden Apple Program were rolled into the Professional Development Fund. Secretary of Education Dr. Veronica C. Garcia determined the amount to be expended on individual programs from the fund. The amount of funding appropriated by the House Bill 669 is a 78% increase for FY 07.

DUPLICATION AND RELATIONSHIP

Senate Bill 505 also appropriates \$500,000 for the same purpose.

According to the Public Education Department, the appropriation contained in House Bill 669 could be related to the Teacher Professional Development Fund request in the Executive recommendation.

TECHNICAL ISSUES

The Public Education Department notes that even though this appropriation complies with Article IV, Section 31 of the New Mexico Constitution, which prohibits a direct educational appropriation to any person, corporation, association, institution or community not under the direct control of the state, the flowing of public monies by a state agency to an outside entity must comply with the Procurement Code. This means that the PED would either have to issue an RFP or be able to justify a sole source award to Golden Apple. And even if it transfers the money to a state university or school district by means of a joint powers agreement or memorandum of understanding, the transferee would be subject to compliance with the Procurement Code.
