SUMMARY

Synopsis of Bill

House Bill 383 amends Section 63-9D-3 NMSA 1978 to expand the definitions of "enhanced 911 system", "enhanced 911 equipment", "equipment supplier", "public safety answering point", "subscriber", and "vendor" to include terms that are necessary to align with technological advancements currently being used by local and state governments that utilize the enhanced emergency 911 communication systems. The bill also removes the "willfull or wanton negligence" from Section 63-9D-10 NMSA 1978, virtually placing these acts outside of the immunity provision against liability for damages resulting from installing, maintaining or providing enhanced 911 systems or transmitting 911 calls.

FISCAL IMPLICATIONS
