SUMMARY

Synopsis of Amendment

The Senate Public Affairs Committee Amendment to HB 217 eliminates the term “electronic” when referring to failure to notify a person by email not being grounds for certain challenges.

Synopsis of Bill

House Bill 217 amends Chapter 5, Article 17 NMSA 1978, cited as the Infrastructure Development Zone Act, to allow the petitioner(s) to send a notification of a public hearing by first class mail or electronic mail to property owners within the area proposed to be included within the infrastructure development zone as listed on the records of the county clerk. Failure to notify all property owners by first class or by email would not provide grounds for a challenge to the hearing being held.

FISCAL IMPLICATIONS

None.

SIGNIFICANT ISSUES

The bill replaces the term “certified” with the term “first class” mail and would also allow notifications to property owners to be sent by email to those owners that have an email address.
