## Section IV: Narrative

### 1. BILL SUMMARY

a) Synopsis

This is not a DOH Bill.

Senate Bill 062 (SB62) proposes to appropriate \$2 million to create a fund from which the Health Care Authority Department (HCAD) may reimburse the cost of all mileage for ambulance agencies, environmental modification services, and durable medical equipment providers rendering these services to Medicaid patients. SB62 also proposes to have HCAD establish a reimbursement rate for these providers that travel to the homes of Medicaid patients.

Is this an amendment or substitution?  Yes  No

Is there an emergency clause?  Yes  No

b) Significant Issues

New Mexico ambulance agencies report that current mileage reimbursement from Medicaid for mileage is very low and does not cover costs. New Mexico Medicaid mileage reimbursement is \$10.45 per mile but only billable after the first 15 miles ([Final-LOD-103-State-Fiscal-Year-2024-Payment-Rate-Increases\\_wAttachment.pdf](#)). The Medicare rate is \$8.71 per mile but allows billing at the first mile. The State ambulance tariff administered by the Public Regulation Commission also allows billing from the first mile at a rate of \$12.75.
