SECTION III: NARRATIVE

BILL SUMMARY

House Bill 210 (HB210) appropriates \$2.8 million to the Local Government Division (LGD) of the Department of Finance and Administration (DFA) for regional planning districts 1-7 to provide grant writing and technical assistance services.

FISCAL IMPLICATIONS

HB210 appropriates \$2.8 million from the general fund for expenditure in FY 2025 and subsequent fiscal years. Each district shall receive \$400 thousand. Any unexpended or unencumbered funds at the end of the fiscal year will not revert to the general fund. This appropriation has no expiration date.

SIGNIFICANT ISSUES

New Mexico is presented with a unique opportunity to leverage once-in-a-lifetime federal funding as well as state funding for infrastructure, research, economic development, energy transition, and other projects that foster healthy communities however many of the smaller local governments and rural communities' lack in their capacity to write the grants needed to obtain these funds as well as manage the funding once received. HB210 will provide funding to the councils of government to assist with the lack of capacity statewide that often is a barrier for our communities from competitively seeking and applying for these available funds.
