1           Whereas, this compact is intended to regulate the day-to-  
2 day practice of telepsychology, i.e., the provision of  
3 psychological services using telecommunication technologies, by  
4 psychologists across state boundaries in the performance of  
5 their psychological practice as assigned by an appropriate  
6 authority; and

7           Whereas, this compact is intended to regulate the  
8 temporary in-person, face-to-face practice of psychology by  
9 psychologists across state boundaries for thirty days within a  
10 calendar year in the performance of their psychological  
11 practice as assigned by an appropriate authority; and

12          Whereas, this compact is intended to authorize state  
13 psychology regulatory authorities to afford legal recognition,  
14 in a manner consistent with the terms of the compact, to  
15 psychologists licensed in another state; and

16          Whereas, this compact recognizes that states have a vested  
17 interest in protecting the public's health and safety through  
18 their licensing and regulation of psychologists and that such  
19 state regulation will best protect public health and safety;  
20 and

21          Whereas, this compact does not apply when a psychologist  
22 is licensed in both the home and receiving states; and

23          Whereas, while this compact does not apply to permanent  
24 in-person, face-to-face practice, it does allow for  
25 authorization of temporary psychological practice.

Consistent with these principles, this compact is designed to achieve the following purposes and objectives:

(1) increasing public access to professional psychological services by allowing for telepsychological practice across state lines as well as temporary in-person, face-to-face services in a state in which the psychologist is not licensed to practice psychology;

(2) enhancing the states' ability to protect the public's health and safety, especially client/patient safety;

(3) encouraging the cooperation of compact states in the areas of psychology licensure and regulation;

(4) facilitating the exchange of information between compact states regarding psychologist licensure, adverse actions and disciplinary history;

(5) promoting compliance with the laws governing psychological practice in each compact state; and

(6) investing all compact states with the authority to hold licensed psychologists accountable through the mutual recognition of compact state licenses.

B. To exercise the authority to practice interjurisdictional telepsychology under the terms and provisions of the compact, a psychologist licensed to practice in a compact state must:

5 whether or not the program cuts across administrative lines;

13 faculty;

14 (g) the program must have an  
15 identifiable body of students who are matriculated in that  
16 program for a degree;

17 (h) the program must include supervised  
18 practicum, internship or field training appropriate to the  
19 practice of psychology;

20 (i) the curriculum shall encompass a  
21 minimum of three academic years of full-time graduate study for  
22 doctoral degrees and a minimum of one academic year of full-

1 of practice. A receiving state may, in accordance with that  
2 state's due process law, limit or revoke a psychologist's  
3 authority to practice interjurisdictional telepsychology in the  
4 receiving state and may take any other necessary actions under  
5 the receiving state's applicable law to protect the health and  
6 safety of the receiving state's citizens. If a receiving state  
7 takes action, the state shall promptly notify the home state  
8 and the commission.

9 E. If a psychologist's license in any home state or  
10 another compact state, or any authority to practice  
11 interjurisdictional telepsychology in any receiving state, is  
12 restricted, suspended or otherwise limited, the E.Passport  
13 shall be revoked and, therefore, the psychologist shall not be  
14 eligible to practice telepsychology in a compact state under  
15 the authority to practice interjurisdictional telepsychology.

16 ARTICLE 5

(h) the program must include a supervised practicum or internship or field training appropriate to the practice of psychology;

(i) the curriculum shall encompass a minimum of three academic years of full-time graduate study for doctoral degrees and a minimum of one academic year of full-time graduate study for master's degrees; and

16 under the temporary authorization to practice will be subject  
17 to the distant state's authority and law. A distant state may,  
18 in accordance with that state's due process law, limit or  
19 revoke a psychologist's temporary authorization to practice in  
20 the distant state and may take any other necessary actions

another compact state, or any temporary authorization to practice in any distant state, is restricted, suspended or otherwise limited, the interjurisdictional practice certificate shall be revoked and, therefore, the psychologist shall not be eligible to practice in a compact state under the temporary authorization to practice interjurisdictional telepsychology.

## ARTICLE 6

## CONDITIONS OF TELEPSYCHOLOGY PRACTICE IN A RECEIVING STATE

A psychologist may practice in a receiving state under the authority to practice interjurisdictional telepsychology only in the performance of the scope of practice for psychology as assigned by an appropriate state psychology regulatory authority, as defined in the rules of the commission and under the following circumstances:

A. the psychologist initiates a client/patient contact in a home state via telecommunication technologies with a client/patient in a receiving state; or

B. other conditions regarding telepsychology as determined by rules promulgated by the commission.

## ARTICLE 7

## ADVERSE ACTIONS

A. A home state shall have the power to impose adverse action against a psychologist's license issued by the home state. A distant state shall have the power to take adverse action on a psychologist's temporary authorization to

1 practice within that distant state.

2                   B. A receiving state may take adverse action on a  
3 psychologist's authority to practice interjurisdictional  
4 telepsychology within that receiving state. A home state may  
5 take adverse action against a psychologist based on an adverse  
6 action taken by a distant state regarding temporary in-person,  
7 face-to-face practice.

8                   C. If a home state takes adverse action against a  
9 psychologist's license, that psychologist's authority to  
10 practice interjurisdictional telepsychology is terminated and  
11 the E.Passport is revoked. Furthermore, that psychologist's  
12 temporary authorization to practice is terminated and the  
13 interjurisdictional practice certificate is revoked; provided  
14 that:

15                   (1) all home state disciplinary orders that  
16 impose adverse action shall be reported to the commission in  
17 accordance with the rules promulgated by the commission. A  
18 compact state shall report adverse actions in accordance with  
19 the rules of the commission;

20                   (2) in the event discipline is reported on a  
21 psychologist, the psychologist will not be eligible for  
22 telepsychology or temporary in-person, face-to-face practice in  
23 accordance with the rules of the commission; and

24                   (3) other actions may be imposed as determined  
25 by the rules promulgated by the commission.

D. A home state's psychology regulatory authority shall investigate and take appropriate action with respect to reported inappropriate conduct engaged in by a licensee that occurred in a receiving state as it would if such conduct had occurred by a licensee within the home state. In such cases, the home state's law shall control in determining any adverse action against a psychologist's license.

E. A distant state's psychology regulatory authority shall investigate and take appropriate action with respect to reported inappropriate conduct engaged in by a psychologist practicing under temporary authorization practice that occurred in that distant state as it would if such conduct had occurred by a licensee within the home state. In such cases, the distant state's law shall control in determining any adverse action against a psychologist's temporary authorization to practice.

F. Nothing in this compact shall override a compact state's decision that a psychologist's participation in an alternative program may be used in lieu of adverse action and that such participation shall remain nonpublic if required by the compact state's law. Compact states must require psychologists who enter any alternative programs to not provide telepsychology services under the authority to practice interjurisdictional telepsychology or provide temporary psychological services under the temporary authorization to

1 practice in any other compact state during the term of the  
2 alternative program.

3 G. No other judicial or administrative remedies  
4 shall be available to a psychologist in the event a compact  
5 state imposes an adverse action pursuant to Subsection C of  
6 this article.

7 ARTICLE 8

8 ADDITIONAL AUTHORITIES INVESTED IN A COMPACT STATE'S PSYCHOLOGY

9 REGULATORY AUTHORITY

10 A. In addition to any other powers granted under  
11 state law, a compact state's psychology regulatory authority  
12 shall have the authority under the Psychology  
13 Interjurisdictional Compact to:

14 (1) issue subpoenas, for both hearings and  
15 investigations, that require the attendance and testimony of  
16 witnesses and the production of evidence. Subpoenas issued by  
17 a compact state's psychology regulatory authority for the  
18 attendance and testimony of witnesses, or the production of  
19 evidence from another compact state, shall be enforced in the  
20 latter state by any court of competent jurisdiction, according  
21 to that court's practice and procedure in considering subpoenas  
22 issued in its own proceedings. The issuing state psychology  
23 regulatory authority shall pay any witness fees, travel  
24 expenses, mileage and other fees required by the service  
25 statutes of the state where the witnesses or evidence are

located; and

(2) issue cease and desist or injunctive relief orders to revoke a psychologist's authority to practice interjurisdictional telepsychology or temporary authorization to practice.

B. During the course of any investigation, a psychologist shall not change the psychologist's home state licensure. A home state psychology regulatory authority is authorized to complete any pending investigations of a psychologist and to take any actions appropriate under its law. The home state psychology regulatory authority shall promptly report the conclusions of such investigations to the commission. Once an investigation has been completed, and pending the outcome of the investigation, the psychologist may change the psychologist's home state licensure. The commission shall promptly notify the new home state of any such decisions as provided in the rules of the commission. All information provided to the commission or distributed by compact states pursuant to the psychologist shall be confidential, filed under seal and used for investigatory or Psychology Interjurisdictional Compact disciplinary matters. The commission may create additional rules for mandated or discretionary sharing of information by compact states.

## ARTICLE 9

### COORDINATED LICENSURE INFORMATION SYSTEM

A. The commission shall provide for the development and maintenance of a coordinated licensure information system (coordinated database) and reporting system containing licensure and disciplinary action information on all psychologists and individuals to whom the Psychology Interjurisdictional Compact is applicable in all compact states as defined by the rules of the commission.

B. Notwithstanding any other provision of state law to the contrary, a compact state shall submit a uniform data set to the coordinated database on all licensees as required by the rules of the commission, including:

- (1) identifying information;
- (2) licensure data;

(3) the commission may levy on and collect an annual assessment from each compact state, or impose fees on other parties to cover the cost of the operations and activities of the commission and its staff, which must be in a total amount sufficient to cover its annual budget as approved each year for which revenue is not provided by other sources.

The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the commission, which shall promulgate a rule binding upon all compact states;

(4) the commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the commission pledge the credit of any of the compact states, except by and with the authority of the compact state; and

(5) the commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its bylaws. .232921.1

omission did not result from that person's intentional or willful or wanton misconduct; and

(3) the commission shall indemnify and hold harmless any member, officer, executive director, employee or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error or omission that occurred within the scope of commission or Psychology

Interjurisdictional Compact employment, duties or responsibilities; or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties or responsibilities; provided that the actual or alleged act, error or omission did not result from the intentional or willful or wanton misconduct of that person.

ARTICLE 11

## RULEMAKING

A. The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this article and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

B. If a majority of the legislatures of the compact states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the compact, then such rule shall have no further force and effect in any compact state.

C. Rules or amendments to the rules shall be adopted at a regular or special meeting of the commission.

D. Prior to promulgation and adoption of a final rule or rules by the commission, and at least sixty days in advance of the meeting at which the rule will be considered and voted upon, the commission shall file a notice of proposed rulemaking:

(1) on the website of the commission; and

(2) on the website of each compact state's psychology regulatory authority or the publication in which each state would otherwise publish proposed rules.

E. The notice of proposed rulemaking shall include:

(1) the proposed time, date and location of the meeting in which the rule will be considered and voted upon;

(2) the text of the proposed rule or amendment and the reason for the proposed rule;

(3) a request for comments on the proposed rule from any interested person; and

(4) the manner in which interested persons may submit notice to the commission of their intention to attend the public hearing and any written comments.

F. Prior to adoption of a proposed rule, the commission shall allow persons to submit written data, facts, opinions and arguments, which shall be made available to the

1 public.

2 G. The commission shall grant an opportunity for a  
3 public hearing before it adopts a rule or amendment if a  
4 hearing is requested by:

5 (1) at least twenty-five persons who submit  
6 comments independently of each other;

7 (2) a governmental subdivision or agency; or

8 (3) a duly appointed person in an association  
9 that has at least twenty-five members.

10 H. If a hearing is held on the proposed rule or  
11 amendment, the commission shall publish the place, time and  
12 date of the scheduled public hearing; provided that:

13 (1) all persons wishing to be heard at the  
14 hearing shall notify the executive director of the commission  
15 or other designated member in writing of their desire to appear  
16 and testify at the hearing not less than five business days  
17 before the scheduled date of the hearing;

18 (2) hearings shall be conducted in a manner  
19 providing each person who wishes to comment a fair and  
20 reasonable opportunity to comment orally or in writing;

21 (3) no transcript of the hearing is required,  
22 unless a written request for a transcript is made, in which  
23 case the person requesting the transcript shall bear the cost  
24 of producing the transcript. A recording may be made in lieu  
25 of a transcript under the same terms and conditions as a

transcript. This paragraph shall not preclude the commission from making a transcript or recording of the hearing if it so chooses; and

(4) nothing in this article shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this article.

I. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received.

J. The commission shall, by majority vote of all members, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

K. If no written notice of intent to attend the public hearing by interested parties is received, the commission may proceed with promulgation of the proposed rule without a public hearing.

L. Upon determination that an emergency exists, the commission may consider and adopt an emergency rule without prior notice, opportunity for comment or hearing; provided that the usual rulemaking procedures provided in the compact and in this article shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety days

underscored material = new  
[bracketed material] = delete

1 after the effective date of the rule. For the purposes of this  
2 provision, an emergency rule is one that must be adopted  
3 immediately in order to:

4 (1) meet an imminent threat to public health,  
5 safety or welfare;

6 (2) prevent a loss of commission or compact  
7 state funds;

8 (3) meet a deadline for the promulgation of an  
9 administrative rule that is established by federal law or rule;  
10 or

11 (4) protect public health and safety.

12 M. The commission or an authorized committee of the  
13 commission may direct revisions to a previously adopted rule or  
14 amendment for purposes of correcting typographical errors,  
15 errors in format, errors in consistency or grammatical errors.  
16 Public notice of any revisions shall be posted on the website  
17 of the commission. The revision shall be subject to challenge  
18 by any person for a period of thirty days after posting. The  
19 revision may be challenged only on grounds that the revision  
20 results in a material change to a rule. A challenge shall be  
21 made in writing and delivered to the chair of the commission  
22 prior to the end of the notice period. If no challenge is  
23 made, the revision will take effect without further action. If  
24 the revision is challenged, the revision shall not take effect  
25 without the approval of the commission.

ARTICLE 12

## OVERSIGHT, DISPUTE RESOLUTION AND ENFORCEMENT

#### A. Oversight:

(1) the executive, legislative and judicial branches of state government in each compact state shall enforce the Psychology Interjurisdictional Compact and take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of the compact and the rules promulgated hereunder shall have standing as statutory law;

(2) all courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a compact state pertaining to the subject matter of the compact that may affect the powers, responsibilities or actions of the commission; and

(3) the commission shall be entitled to receive service of process in any such proceeding and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the commission shall render a judgment or order void as to the commission, the compact or promulgated rules.

B. Default, technical assistance and termination:

(1) if the commission determines that a compact state has defaulted in the performance of its obligations or responsibilities under this compact or the

underscored material = new  
[bracketed material] = delete

1 promulgated rules, the commission shall:

2 (a) provide written notice to the  
3 defaulting state and other compact states of the nature of the  
4 default, the proposed means of remedying the default or any  
5 other action to be taken by the commission; and

6 (b) provide remedial training and  
7 specific technical assistance regarding the default;

8 (2) if a state in default fails to remedy the  
9 default, the defaulting state may be terminated from the  
10 compact upon an affirmative vote of a majority of the compact  
11 states, and all rights, privileges and benefits conferred by  
12 this compact shall be terminated on the effective date of  
13 termination. A remedy of the default does not relieve the  
14 offending state of obligations or liabilities incurred during  
15 the period of default;

16 (3) termination of membership in the compact  
17 shall be imposed only after all other means of securing  
18 compliance have been exhausted, and notice of intent to suspend  
19 or terminate shall be submitted by the commission to the  
20 governor, the majority and minority leaders of the defaulting  
21 state's legislature and each of the compact states;

22 (4) a compact state that has been terminated  
23 is responsible for all assessments, obligations and liabilities  
24 incurred through the effective date of termination, including  
25 obligations that extend beyond the effective date of

.232921.1

1 termination;

2 (5) the commission shall not bear any costs  
3 incurred by the state that is found to be in default or that  
4 has been terminated from the compact, unless agreed upon in  
5 writing between the commission and the defaulting state; and

6 (6) the defaulting state may appeal the action  
7 of the commission by petitioning the United States district  
8 court for the state of Georgia or the federal district where  
9 the compact has its principal offices. The prevailing member  
10 shall be awarded all costs of such litigation, including  
11 reasonable attorney fees.

12 C. Dispute resolution:

13 (1) upon request by a compact state, the  
14 commission shall attempt to resolve disputes related to the  
15 compact that arise among compact states and between compact and  
16 non-compact states; and

17 (2) the commission shall promulgate a rule  
18 providing for both mediation and binding dispute resolution for  
19 disputes that arise before the commission.

20 D. Enforcement:

21 (1) the commission, in the reasonable exercise  
22 of its discretion, shall enforce the provisions and rules of  
23 this compact;

24 (2) by majority vote, the commission may  
25 initiate legal action in the United States district court for

.232921.1

1 the state of Georgia or the federal district where the compact  
2 has its principal offices against a compact state in default to  
3 enforce compliance with the provisions of the compact and its  
4 promulgated rules and bylaws. The relief sought may include  
5 both injunctive relief and damages. In the event judicial  
6 enforcement is necessary, the prevailing member shall be  
7 awarded all costs of such litigation, including reasonable  
8 attorney fees; and

9 (3) the remedies herein shall not be the  
10 exclusive remedies of the commission. The commission may  
11 pursue any other remedies available under federal or state law.

12 ARTICLE 13

13 DATE OF IMPLEMENTATION OF THE PSYCHOLOGY INTERJURISDICTIONAL  
14 COMPACT COMMISSION AND ASSOCIATED RULES, WITHDRAWAL AND  
15 AMENDMENTS

16 A. The Psychology Interjurisdictional Compact shall  
17 come into effect on the date on which the compact is enacted  
18 into law in the seventh compact state. The provisions that  
19 become effective at that time shall be limited to the powers  
20 granted to the commission relating to assembly and the  
21 promulgation of rules. Thereafter, the commission shall meet  
22 and exercise rulemaking powers necessary to the implementation  
23 and administration of the compact.

24 B. Any state that joins the compact subsequent to  
25 the commission's initial adoption of the rules shall be subject

.232921.1

underscored material = new  
[bracketed material] = delete

1 to the rules as they exist on the date on which the compact  
2 becomes law in that state. Any rule that has been previously  
3 adopted by the commission shall have the full force and effect  
4 of law on the day the compact becomes law in that state.

5 C. Any compact state may withdraw from the compact  
6 by enacting a statute repealing the same; provided that:

7 (1) a compact state's withdrawal shall not  
8 take effect until six months after enactment of the repealing  
9 statute; and

10 (2) withdrawal shall not affect the continuing  
11 requirement of the withdrawing state's psychology regulatory  
12 authority to comply with the investigative and adverse action  
13 reporting requirements of this act prior to the effective date  
14 of withdrawal.

15 D. Nothing contained in the compact shall be  
16 construed to invalidate or prevent any psychology licensure  
17 agreement or other cooperative arrangement between a compact  
18 state and a non-compact state that does not conflict with the  
19 provisions of the compact.

20 E. The compact may be amended by the compact  
21 states. No amendment to the compact shall become effective and  
22 binding upon any compact state until it is enacted into the law  
23 of all compact states.
