- 1           D. "full-time equivalent" or "FTE" means one or more authorized positions that together  
2 receive compensation for not more than two thousand ninety-six hours worked in fiscal year 2000. The  
3 calculation of hours worked includes compensated absences but does not include overtime, compensatory time  
4 or sick leave paid pursuant to Section 10-7-10 NMSA 1978;
- 5           E. "general fund" means that fund created by Section 6-4-2 NMSA 1978 and includes federal  
6 Mineral Lands Leasing Act receipts, but excludes the general fund operating reserve, the appropriation  
7 contingency fund and the risk reserve;
- 8           F. "interagency transfers" means revenue, other than internal service funds, legally  
9 transferred from one agency to another;
- 10          G. "internal service funds" means:  
11           (1) revenue transferred to an agency for the financing of goods or services to another  
12 agency on a cost-reimbursement basis; and  
13           (2) unencumbered balances in agency internal service fund accounts appropriated by the  
14 General Appropriation Act of 1999;
- 15          H. "other state funds" means:  
16           (1) unencumbered, nonreverting balances in agency accounts, other than in internal  
17 service funds accounts, appropriated by the General Appropriation Act of 1999;  
18           (2) all revenue available to agencies from sources other than the general fund, internal  
19 service funds, interagency transfers and federal funds; and

1 I. "revenue" means all money received by an agency from sources external to that agency, net  
2 of refunds and other correcting transactions, other than from issue of debt, liquidation of investments or  
3 as agent or trustee for other governmental entities or private persons; and

4 J. "unforeseen federal funds" means a source of federal funds or an increased amount of  
5 federal funds that could not have been reasonably anticipated or known during the first session of the  
6 forty-fourth legislature and, therefore, could not have been requested by an agency or appropriated by the  
7 legislature.

8 Section 3. **GENERAL PROVISIONS.**--

9 A. Amounts set out under column headings are expressed in thousands of dollars.

10 B. Amounts set out under column headings are appropriated from the source indicated by the  
11 column heading. All amounts set out under the column heading "Internal Service Funds/Interagency  
12 Transfers" indicate an intergovernmental transfer and do not represent a portion of total state government  
13 appropriations. All information designated as "Totals" or "Subtotals" are provided for information and are  
14 not appropriations.

15 C. Amounts set out in Section 4 of the General Appropriation Act of 1999, or so much as may be  
16 necessary, are appropriated from the indicated source for expenditure in fiscal year 2000 for the objects  
17 expressed.

18 D. Unencumbered balances in agency accounts remaining at the end of fiscal year 1999 shall  
19 revert to the general fund by October 1, 1999, unless otherwise indicated in the General Appropriation Act  
20 of 1999 or otherwise provided by law.

FIRST SESSION, 1999

Page 13

1           E. Unencumbered balances in agency accounts remaining at the end of fiscal year 2000 shall  
2 revert to the general fund by October 1, 2000, unless otherwise indicated in the General Appropriation Act  
3 of 1999 or otherwise provided by law.

4           F. The state budget division shall monitor revenue received by agencies from sources other  
5 than the general fund and shall reduce the operating budget of any agency whose revenue from such sources  
6 is not meeting projections. The state budget division shall notify the legislative finance committee of  
7 any operating budget reduced pursuant to this subsection.

8           G. Except as otherwise specifically stated in the General Appropriation Act of 1999,  
9 appropriations are made in that act for the expenditures of agencies and for other purposes as required by  
10 existing law for fiscal year 2000. If any other act of the first session of the forty-fourth legislature  
11 changes existing law with regard to the name or responsibilities of an agency or the name or purpose of a  
12 fund or distribution, the appropriation made in the General Appropriation Act of 1999 shall be transferred  
13 from the agency, fund or distribution to which an appropriation has been made as required by existing law  
14 to the appropriate agency, fund or distribution provided by the new law.

15           H. In August, October, December and May of fiscal year 2000, the department of finance and  
16 administration, in consultation with the staff of the legislative finance committee and other agencies,  
17 shall prepare and present revenue estimates to the legislative finance committee. If these revenue  
18 estimates indicate that revenues and transfers to the general fund, excluding transfers to the general fund  
19 operating reserve, the risk reserve, the appropriation contingency fund or the state-support reserve fund,  
20 as of the end of fiscal year 2000, are not expected to meet appropriations from the general fund, then the

Item	General Fund	Other State Funds	Intrnl Svc Funds/Inter-Agency Trnsf	Federal Funds	Total
1 department shall present a plan to the legislative finance committee that outlines the methods by which the 2 administration proposes to address the deficit.					
3 I. Pursuant to Sections 6-3-23 through 6-3-25 NMSA 1978, agencies whose revenue from 4 unforeseen federal funds, from state board of finance loans, from revenue appropriated by other acts of 5 the legislature, or from gifts, donations, bequests, insurance settlements, refunds, or payments into 6 revolving funds exceed specifically appropriated amounts may request budget increases from the state budget 7 division. If approved by the state budget division, such money is appropriated. In approving a budget 8 increase from unforeseen federal funds, the director of the state budget division shall advise the 9 legislative finance committee as to the source of the federal funds and the source and amount of any 10 matching funds required.					
11 J. For fiscal year 2000, the number of permanent and term full-time equivalent positions 12 specified for each agency shows the maximum number of employees intended by the legislature for that 13 agency, unless another provision of the General Appropriation Act of 1999 or another act of the first 14 session of the forty-fourth legislature provides for additional employees.					
15 K. Except for gasoline credit cards used solely for operation of official vehicles and 16 telephone credit cards used solely for official business, none of the appropriations contained in the 17 General Appropriation Act of 1999 may be expended for payment of credit card invoices.					
18 L. To prevent unnecessary spending, expenditures from the General Appropriation Act of 1999 19 for gasoline for state-owned vehicles at public gasoline service stations shall be made only for 20 self-service gasoline; provided that a state agency head may provide exceptions from the requirement to 21 accommodate disabled persons or for other reasons the public interest may require.					
22 M. When approving operating budgets based on appropriations in the General Appropriation Act 23 of 1999, the state budget division is specifically authorized to approve only those budgets that are in 24 accordance with generally accepted accounting principles for the purpose of properly classifying other 25 financing sources and uses, including interfund, intrafund and interagency transfers.
