I felt that there was other legislators who 25 Trujillo, I felt these were politically motivated 25 had signed the policy that had submitted letters to

Page 34 1 the media and so -- and, also, on May 8th, when the 1 2 policy says exclusively that this needs to remain 2 3 confidential, they send out a press release. 3 4 4 And so the whole idea of the inaction for 5 six days on some open letter that was never submitted 5 6 6 to legislative council, had no reasonable 7 7 particularity, was meant for embarrassment in the 8 8 media, which did take place with 10s or 20 or 30, I 9 9 could count them, articles of misrepresentation. 10 10 Q. Does that cover the waterfront? 11 11 A. For the most part. 12 12 Q. All right, let's go back. Let me just 13 13 clean up some of it, make sure I understand. You 14 talked about legislative council policy number 16 and 14 15 15 you said the part that does not require a formal 16 16 complaint, but in your estimation requires 17 17 "reasonable particularity"? 18 18 A. Well, we'll get to that, but I just want to 24 24 know what you're feelings are. That you felt that 25 25 even if the other -- you mentioned the other part of Page 35 1 legislative council policy 16 was followed, you think 2 2 there was not reasonable particularity, and as a 3 result it was -- something's wrong there? 3 4 MR. MR. JACKSON: Same objection.

- Q. Is that your belief?
- A. I believe that these are arguments that need to be made by lawyers on the policy.
- Q. Well, we'll be making them. I just want to know what your belief is. I'm not holding you to a legal standard.
- A. I'll refrain from -- to seeing the arguments after --
- Q. So you don't have a view on that, so can I scratch that off as one of the reasons why you felt this was politically motivated if you don't have a view on whether --
 - A. No, I think I --
- Q. -- there is a requirement of reasonable particularity?

MR. JACKSON: Same objection.

- A. I've laid the statements as far as why I believe that -- that it was.
- Q. And you mentioned one of them being that the other part, I'm using your words, of legislative policy rule number 16 requires a complaint with reasonable particularity.
- A. It says that in the policy.

MR. HNASKO: No, I didn't ask the question. He's the one who brought it up, not me.

- Q. (By Mr. Hnasko) So I'm asking what your perception of that is? I just want to make sure I understand --
 - I feel I was violated.
 - Q. Pardon?
 - A. I feel the policy was violated.
- Q. Because there was not reasonable 18 particularity in this open letter?
 - A. Yes.

I couldn't -- I can't answer that fairly. 10 10 I mean, I don't -- I don't know what correlation they things. 11 Q. It can, but I want to know what it means to 11 have. I don't know if they've ever spoke. I don't 12 12 you. I'm just saying, did you form -- if you didn't 13 13 form an impression, that's perfectly fine. We'll Q. At the time you wrote this letter, you 14 move on. 14 didn't have any information indicating that there was 15 15 A. I didn't. any association between Mr. Corwin and Ms. Bonar? 16 16 Q. All right, fair enough. A. The fact -- what I do know is that 17 17 So the other person who told you during the Mr. Corwin called I don't know how many people, but 18 legislature, you mentioned it was a woman? 18 called people, and who he called I don't know. 19 A. Correct. 19 Q. I'm not asking that question. I'm asking 20 Q. You don't know who it was? 20 if you had any information indicating an association 21 A. At this time, I don't. I have to remember, 21 between Mr. Corwin and Ms. Bonar? 22 but I -- I'll think about it. 22 A. I don't have any information. 23 23 Q. Okay, if you think about it during this Q. You didn't have any at the time you wrote 24 deposition and your memory is jogged, would you --24 this letter, correct? 25 25 A. I just stand behind the letters and the A. Yes. Page 47 Page 49 1 Q. -- be so kind as to tell me? 1 evidence that we've put --2 2 Q. I'm not asking that. I know you do. I'm A. Yes. 3 3 Q. All right. Is it someone who is related to asking a very specific point here, whether, at the 4 you? 4 time you wrote this letter, you had any indication of 5 A. No. 5 an association between Mr. Corwin and Ms. Bonar? 6 Q. So when you heard about Michael Corwin, did 6 A. I can -- I can only make assumptions. 7 7 you endeavor to find out who he was? O. And today, as you sit here talking to me, 8 8 A. Other than a Google search and finding out do you believe that Mr. Corwin had an association 9 9 that he was an investigator and -- being told he was with Ms. Bonar? 10 an investigator, yeah, that's what I know. 10 A. I can only make an assumption. I don't 11 Q. So you did the Google search? 11 12 A. I did a Google search on him, yes. 12 Q. What's your assumption? 13 13 Q. When did you do that? A. I don't know. I don't have enough evidence 14 14 A. When I was told. to know otherwise. 15 Q. Okay, well, you were told once during the 15 Q. Do you have any evidence? 16 session and once after, so was a Google search 16 A. No, not at this current time, that they've 17 performed during the session or after? 17 had an association. 18 18 A. I -- I couldn't recall. Q. Did you have any evidence at the time you 19 19 Q. Okay. Did you ever find out who Mr. Corwin wrote this letter that Mr. Corwin had any association 20 was associated with? 20 with Animal Protection Voters of New Mexico? 21 A. No. I wish I would have, though. I 21 A. I don't have -- at this time, I don't have 22 22 couldn't -- wouldn't show up on any campaign records any evidence. 23 23 of who paid him. Q. And when you wrote the letter saying that 24 Q. At that time, when you wrote this letter to 24 this was the politically motivated, did you have any 25 the investigative subcommittee, was it your belief 25 evidence?

Page 50 Page 52 1 1 A. When I wrote the letter -- you're talking binder suggesting that Mr. Corwin was associated with 2 letter, you're referring to this? 2 Ms. Bonar or with APV, correct? 3 3 Q. 1, yeah, right in front of you, Exhibit 1 A. I -- I could look through it again, but I 4 when you say they are false and they were politically 4 don't -- I mean, we could both look through it and 5 5 motivated, I'm trying to find out what facts you have see, but --6 supporting the conclusion that they were politically 6 Q. Well, I'm asking you. 7 7 motivated. A. -- I don't believe there is. 8 8 A. I think the facts, in my opinion, are all Q. All right. So political motivations, let's 9 9 laid out in the evidential binder that I produced of explore that further. Who was politically motivated 10 10 several hundred pages. That is what I believe gets to submit this open letter that Ms. Bonar submitted 11 me to the point of -- of that statement. 11 asking for your resignation? 12 12 A. Who was? Q. All right. And we went through the bases 13 13 for your statement that they were politically Q. Politically motivated. 14 motivated, and one of the bases was that this fellow 14 A. So I think that you -- I mean, it's -- I 15 can only go from ideas of -- of who were unhappy with named Michael Corwin was apparently conducting an 15 16 16 investigation, so I wanted to know if you had any votes. 17 17 evidence that Mr. Corwin was associated with Animal O. That's fine. 18 Protection Voters of New Mexico at the time you wrote 18 A. I know that Julianna Koob was extremely 19 this letter? 19 unhappy with one of my votes, and -- very, very, very 20 A. So at your investigation meeting between 20 unhappy. 21 you and I, and Randi, and Tad Parrish, we brought 21 Q. Do you think Ms. Koob had some connection 22 22 this up, and I guess my question would be is did you with Ms. Bonar's submission of the open letter? 23 23 investigate to see if he was part of this. I didn't A. I don't know at this -- at this point. 24 have the resources to do so. 24 (Ms. Julie Sakura joined the deposition.) 25 25 Q. Well, unfortunately today I ask the Q. Well, you said they were politically Page 51 Page 53 1 questions and you answer them. 1 motivated. 2 2 A. So I think I've answered --Um-hum. 3 3 Q. I'm asking you the question. MR. HNASKO: Stay on the record. This is 4 4 A. So I think I've answered your question Julie Sakura, another lawyer in my office. 5 already, and I do not have any knowledge of the two 5 Q. (By Mr. Hnasko) So do you have any evidence 6 of them -- if you could rephrase the question. 6 suggesting that Ms. Koob had a connection with 7 7 Q. Well, my question was quite simple, you Ms. Bonar's submission of her open letter? 8 8 went through the laundry list of reasons why you felt A. Do I have any evidence? 9 9 the open letter submitted by Ms. Bonar was Q. Yes. 10 politically motivated. One of the reasons was the 10 A. I don't have any evidence, not that I 11 apparent existence of this fellow, Michael Corwin, 11 know -- not at this point. 12 12 who was conducting some investigation on behalf of Q. Who else would be politically motivated? 13 13 someone. He apparently, according to you, was asking Who else would you believe would be politically 14 14 people whether you had made them feel uncomfortable. motivated at the time you wrote Exhibit 1? And by 15 I'm trying to find out whether you had any evidence 15 politically motivated, I mean politically motivated 16 16 that Mr. Corwin was associated in any capacity with to have Ms. Bonar submit that open letter. 17 17 Ms. Bonar or with APV at the time you wrote the A. It's hard for me to identify exactly who. 18 18 letter stating it was politically motivated. I just -- as stated in here, and many of the other 19 19 A. The statement of the letter that you're letters that were written, is that timing is very 20 referring to is all -- based on all of the evidence 20 unusual, and I've laid out all the facts and the fact 21 that I could possibly find, and it's all compiled in 21 that I know that I never did this made me feel this

Q. I'm not -- I'm not even approaching those

areas that -- your belief that you didn't do this and

the timing causes you to think there is some --

something going on here that isn't aboveboard. I'm curious as -- you state throughout this letter -- not throughout it, but you do state here on page 2, and in other submittals, that this was politically motivated, so it's fair for me to try to find out --

A. Sure.

Q. -- who was politically motivated to cause the submission of this open letter calling for your resignation. You've identified Julianna Koob --

A. Um-hum.

Q. -- correct? All right, but you don't know of any evidence connecting her to Ms. Bonar or the open letter, right?

A. I don't, other than finding out post-investigation that Julianna Koob's name was actually in some of those documents that you submitted.

Q. Okay. Any of those documents predate the open letter?

A. I couldn't tell you unless I see them, but...

Q. All right. Anyone else besides Ms. Koob who would -- you believe would have been politically motivated to cause Ms. Bonar to submit the open letter?

A. I wish I had all the information in front

Page 56

Q. Summarize for me, if you would, please, outside the timeline -- you can refer to the timeline certainly -- as to how you believe this was used as a political weapon when the only person you identified as you believe -- believe may have some connection -- or would have some political motivation would be Julianna Koob. How is this used as a political weapon against you?

A. Because it was an open letter that was filed to the media, I think it's been made very clear; never followed policy; didn't go into legislative council on day one, even a reference, didn't go in until six days later after there was total embarrassment in the media.

Q. But let me -- keep going. I don't want to interrupt you.

A. So the question was how do I feel it was being used as a political weapon, because it was distributed breaking all confidentiality, and in the letter -- in the letter, Ms. Bonar's letter -- she states -- she states the policy which does talk about confidentiality, and so that's breached, sent to the media, six days later is when finally something is submitted to legislative council. So...

Q. So I'm trying to get my arms around the

 - O. You don't know?
- 3 A. Don't know.
 - Q. All right. On the bottom -- in the middle of that page before the gray area, where you see "2013 timeline" --
 - A. Um-hum.
 - Q. -- there's a statement that says, "As proven in the timelines and attached documents, the anti-harassment policy is being used as a political weapon, and I am a target of this political weapon." Do you see that?
 - A. So --
 - Q. Right above the grayed-out area, the last sentence beginning with "as proven."
 - A. Okay.
 - Q. Did I read that correctly?
 - A. You did.
 - Q. All right. And, Mr. Trujillo, explain to me in your own words, if you would, please, how the anti-harassment policy was used as a political weapon in this instance?
- A. I think it's laid out very succinctly in the timeline and the arguments made here, so I would stand by that.

- entire concept here, and it appears to me -- tell me if I'm wrong, please -- that you believe this was used as a political weapon, but you just don't know by whom?
 - A. I gave you my -- I mentioned Julianna Koob.
 - Q. So you think Ms. Koob is behind this?
- A. I believe that -- I don't know. I have suspicions. All I can have is suspicions. I need facts.
- Q. All right. So outside of your suspicions, is it fair to say you believe this was used against you as a political weapon, but you're not sure by whom?
 - A. Or -- or who all the people were, yes.
- Q. All right. Let me direct your attention to page 4 of Exhibit 1. And there are a number of bullets under the 2014 timeline. You see that?
 - A. Um-hum.
- Q. We have two dark bullets, and then underneath the second dark bullet, four other bullets.
- A. Um-hum.
- Q. And the third bullet within that four, you indicate that on January 28, 2014, you placed a call to Ms. Bonar's cell phone which lasted about two

Page 58 Page 60 1 minutes, do you see that? (Exhibit 2 marked.) 2 2 A. I do. O. (By Mr. Hnasko) Let me hand you Exhibit 2. 3 Q. MR. JACKSON: You're referring to the wrong paragraph is the problem. Paragraph F relates to when somebody else files a complaint against a legislator.

MR. HNASKO: That's different. That's a different process. That's a charge seeking discipline. We're not -- we're not proceeding under subparagraph F. That's why I'm under H.

Q. (By Mr. Hnasko) Are you able to answer the question, Mr. Trujillo, that "such requests" under paragraph H refers to the requests made by a legislator for an investigation of his or her own conduct --

MR. JACKSON: Same objection.

Q. -- and in that instance requires reasonable particularity?

MR. JACKSON: Same objection.

A. Once again, I'm not going to -- I can't give you an answer on trying to make a legal determination of each exact word. As we all know policy is interpreted different; that's why there's

Q. And I'm not talking about your attorneys

raising it as a legal matter, I'm talking about you raising it in your submittals to the press, the public, and to the interim investigative committee.

A. The -- you can read the open letter, as you have, as I have, and you can make your own determination there.

Q. And you don't have an answer as to why you are suggesting, on more than one occasion, that Ms. Bonar's open letter is deficient because it didn't state the allegations with reasonable particularity?

MR. JACKSON: Same objection. Asks for a legal conclusion.

Q. You're not able to answer that question; is that fair?

A. We both have Laura Bonar's open letter; we both have read it. We can both look at the statement, the paragraph in there, and determine -- or make our own judgments as far as what we feel meets that burden.

Q. And your judgment is that her letter was required to state the allegations with reasonable particularity because it follows the same rule as a legislator making a request for an investigation of

Page 79

attorneys to argue these.

Q. So do I understand you correctly, when the legislature is enforcing its own rules on its own members, it needs to get legal advice on every step of the way; it can't make the determination whether --

MR. JACKSON: Object to form.

Q. -- it has the power to move forward -- MR. JACKSON: That's not what he said at

Q. -- it has the power to go forward and conduct the investigation?

A. That's not what I'm saying at all.

O. What are you saying?

A. I'm saying that you're asking me to make a determination on the nuances of this particular paragraph, which I am not an attorney here to sit here and argue those small nuances and differences of what -- how we actually both, or independently, believe this policy to read.

Q. All right, fair enough. If you're not able to make that determination on these "nuances," why are you raising the issue in your defense of these claims?

MR. JACKSON: Same objection.

Page 81

his or her own conduct?

A. I don't -- I'd have to go through and read this policy in and out from these type of exact detail --

Q. H, I'm asking you just within the confines of paragraph H.

A. At this point, I can't sit here and answer the exact determination of what you are trying to ask me at this point.

Q. You're not able to do that?

A. Well, I'm -- at this point, I --

Q. It's fine if you're not. I just want to know. You're not able to do it?

A. I will not say that I'm not able to do it. What I'm saying is I will have to read through this and speak with an attorney, or my attorney, to make sure I understand exactly what you're trying to suggest that I say.

Q. I'm not trying to suggest you say anything. I'm just trying to get you to acknowledge that the term "such requests" refers to a request by a legislator for an investigation of his or her own conduct. That's -- I'm just asking you --

MR. JACKSON: Same objection.

Q. -- is that a fair reading of paragraph H?

Page 82 Page 84 1 MR. JACKSON: Same objection. I think Q. I don't have any problem with that. I just 2 2 you've got your answer, counsel. want to know if that's where we are. You'd rather 3 Q. And you're under oath, so here's your spoken to multiple people over the course of the last 5 chance to tell me whether what Mr. Loman reported to 5 several months, and when I say multiple, I'm talking 6 me was accurate. 6 hundreds of people, so to try and ask me to quantify 7 7 A. So if the -- your question, a couple one conversation with one person how many times on 8 conversations, I've had more than a couple 8 these allegations, I can't -- I can't give you those 9 9 conversations with Martha, but they weren't about the numbers. 10 allegations of this nature. 10 Q. As I've stated here, there's been multiple 15 have been ten, it was more than two, so I'm just 16 conversations with multiple -- people were concerned. 16 saying it was between three and ten, is that a fair 17 17 People -- I didn't do this. But do you understand the Speaker's fund in 5 including Martha Trujillo, so the idea that you may 5 New Mexico, how that -- how that is supposed to work? 6 say how does she know this information, she can get 6 A. No. What I do know is, as a Speaker, you 7 7 it from public record. have a PAC and you try and hustle money to it, and 8 8 Q. Again, I'm going back to the quantity of you use it to -- as you see fit. 9 9 conversations you have had with your aunt, Martha Q. do remember getting a one contribution from the

Speaker, but I think it was from his own -- his own

campaign account. I can't verify that, I would have

Q. I understand.

A. -- as far as -- as far as I can recall, it was only -- I haven't gotten anything from the Speaker's PAC.

Q. You had some earlier complaints, Mr. Trujillo, that you didn't feel the investigation was prompt.

A. (Witness nods head.)

Q. Let me get your understanding of the timeline of the investigation and how it unfolded.

A. Oh, give my --

Q. Yeah, I want your understanding.

A. -- interpretation. I think it's been stated very succinctly in our evidence binder. As you know, the allegation came in -- or the open letter got filed May 2nd.

O. Um-hum.

A. As far as I can tell, it got sent -- put on a website and sent to multiple news media outlets. I did -- as stated in the binder, I did receive a call from -- or there was an exchange, I forget how it went, an exchange between Speaker Egolf and myself. He said that he would have to take this and move it to the next stage. I asked him if a complaint was filed. He said no, and he said they would convey --

Page 104

that the media was going to continue to embarrass us, which they did. That prolonged through the weekend, and Monday I get a call and it's -- by Representative Rodella after Miguel Garcia wrote a letter basically saying in support, signed -- by two other legislators signed, that he believed Ms. Bonar and I should resign.

And, at that point, Representative Rodella must have called Brian Egolf and said, you now have four members that have come out without any evidence, without any due process, and at that point Speaker Egolf must have told Deputy Rodella -- Representative Rodella that there was a formal complaint filed. Representative Rodella called me thereafter on that Monday night and said, Carl, there's a formal complaint filed. And I said, well, at least I finally -- at least it seems like the process is being followed. I said, at least maybe I'll, you know, get a little more details.

And so I called Speaker Egolf the very next morning at 8:00 a.m., or I could look back at the phone records, asked him, Speaker, I guess formal complaints -- no, let me back up. I text, and it's part of my evidence, I text Raul Burciaga, head of legislative council, because it says in policy that

Page 103

convene the members, the majority, minority leader and outside counsel, and he said he would get it done by the next day, and because there wasn't a complaint filed as required, that more than likely they would just dismiss it. He was going to ask Ms. -- the attorney, her name was --

Q. Ives?

A. -- Ives to contact Mr. Monogle and find out if they were going to file a formal complaint. I reached out to him, and it's in the evidence binder, the very next morning to say that I had gone back and looked at all my electronic format, electronic stuff, and was just -- it's in the evidence binder, everything I submitted.

I called him at 5:30 -- 5:30 that night where he was attending a fund-raiser on Animal Protection Voters that night and asked him if they had convened because reporters were calling me constantly to find out what was going on with the allegations, and he said that they hadn't had a chance to because some of them were busy, and he said that maybe they would have a chance to convene by next Monday or Tuesday.

I felt at that point that without a complaint filed and without -- with that uncertainty,

Page 105

it has to go through legislative council. I text him at 7:00 a.m. and he responded, and asked if a formal complaint had been filed, and he said no, and so that was --

Q. And just let me -- I don't mean to interrupt your narrative, but at that point you're -- you're believing that there needs to be a formal complaint, is that fair, in order to get the process moving?

A. If I go back to the policy and I look at that section, the other section which refers back to the anti-harassment policy, yes.

Q. Legislative council policy 16?

A. But it also refers back to -- I mean, we can go through it and read it, or we can have this interpretation later. I'm giving you the --

Q. I understand. I just want to know what your thought process was, and, at that point, you're of the impression or understanding that a formal complaint must be filed?

A. I'm under the impression because when I called Speaker Egolf and we spoke on that day, and I asked him if a formal complaint had been filed and he said no, and he said he was going to instruct Patricia Ives to go out to Mr. Monogle and ask if

Page 108

Page 106

they were going to file a formal complaint, when the Speaker of the House is telling you this, then you're already under the assumption that this is how he's interpreting this policy.

Q. Okay. So what happens next?

A. So I'm under the assumption that this is required and he's convening this -- these four members -- or two members and outside counsel, which doesn't take place, and he informs me back on May 3rd that everybody was busy, even though this, I believe, you know, could have been done through a teleconference, but point being is that he mentioned to me that they might be -- they would probably convene Monday or Tuesday.

So I'll get -- so during that time there was a lot of -- an article every single day in the media, based on the open letter and the interpretation of the media of the open letter, and Monday comes -- and I'll get back to Monday -- where the next thing I hear is a call from Representative Rodella, as I stated earlier, with the facts that she called Speaker Egolf to ask him why these members were coming out with no due process and no -- in her opinion, and no evidence and asking a member to resign in the caucus.

a formal complaint had been filed. And so then he

called me back a half hour later, or 20 minutes later, and says, oh, I must have misunderstood, there was no formal complaint filed.

And so, at that point, I text Raul Burciaga at 9:00 and I said, please let me know if a formal complaint gets filed.

Q. Um-hum.

A. At 10:00, I text him again. He responds right away, he says no -- no formal complaint. 10:00 comes, he says no formal complaint. I said, I hate to bother you, Mr. Director, but -- you know, I don't want to bother you every hour -- at this point, let me back up a little bit, Representative Rodella told me that Speaker Egolf told them they were going to meet at 12:00 noon. So Monday night --

Q. This is the Monday --

A. Monday night --

Q. -- after May 2nd?

A. Monday night was the first time that I knew that they were going to be -- or that I realized they were going to be meeting at noon on Tuesday.

Q. And did they go ahead and meet?

A. And so I text -- we'll get back to Tuesday, the 8th, May 8th, and at 11:00 -- somewhere --

Page 107

Q. So I'm trying to get to the timeline. What happened next as you understood it?

A. So here we go. And so then she calls me. I'm under the impression now, because she tells me, that Speaker Egolf said a formal complaint has been filed. And so as I mentioned, I said, well, at least maybe I see some details of it, because right now all I know is an open letter that I've been blasted in the media.

Q. Right.

A. I call Speaker Egolf in the morning and --well, I text Raul Burciaga at 7:00 a.m., and it's part of my evidence record, basically, are you -- has a formal complaint been filed? He says no, he says, but let me get into the office at 8:00 a.m. and I'll let you know. He text me at 8:00 a.m. and said no complaint has been filed.

At this point, I call Speaker Egolf at 8:30 on my way dropping my son off at school, and I said, Mr. Speaker, I said, you mentioned to Representative Rodella yesterday that a complaint's been filed, and I spoke to Raul Burciaga and he says no complaint's been filed, in which case Speaker Egolf said, well, let me check, let me check, I thought a formal complaint had been filed, I was under the impression

somewhere -- there's several -- several text messages between me and Raul Burciaga, I can't state the exact times, I'd have to go back and refer to it, but I do have the hard copies, but there is these text messages exchanged, and he says, no formal complaint, no formal complaint, and then finally at 11:00 something, close to noon, he sends me a text and says, look at your e-mail. So I go and I look at my e-mail, and this is where Mr. Monogle has now sent the same exact -- at least to me it looks like the same correspondence that they had sent in the open letter to the media --

Q. Um-hum.

A. -- saying please use this -- I'm just -- I'd have to go back and reference the e-mail, but please use this as a formal complaint.

Hence, they meet, Speaker Egolf calls me at about 1:32 or -- I don't know, sometime, I'd have to go back and reference. He calls me, tells me that they've decided that there was enough information and they're going to move it on to the subcommittee. He tells me that -- who's on the subcommittee. He tells me that he will make sure that this whole investigation gets done two weeks -- within two weeks before the election.

Page 110 Page 112 1 Q. Okay, can I just stop there. That would you he's going to get it done in two weeks before an 2 2 have been on May 8th -election, it -- at that point, there's some 3 A. Correct. 3 expectations set. 4 Q. -- where you're informed that they're 4 Q. Okay. All right, so I just want to 5 5 moving the matter to the -understand your -- your various statements that you 6 A. Yes, correct. 6 did not believe the investigation was prompt enough 7 Q. -- investigative subcommittee? 7 and do I understand correctly that it hinges not on 8 And then, thereafter, special counsel is 8 the time it took to do the investigation, but rather 9 hired, right? 9 on the Speaker's comment to you that he would try to 10 A. I don't know when you were hired. You'd 10 have it done in two weeks? 11 have to inform me of when you were hired. 11 A. If you're asking me -- please restate the 12 Q. Okay, so you don't have any knowledge of 12 question. 13 that date. 13 Q. Well, I'm just trying to get a handle on 14 And then the investigation proceeds 14 the basis for your various statements throughout this 15 correct, and the report is issued, to your 15 proceeding that the investigation has not been 16 understanding on? 16 prompt. 17 A. July 27th. 17 A. I think what my earlier statement is, that 18 Q. July 27th. So special counsel is hired 18 I had an expectation by the Speaker of the House 19 after May 8th, it would have to be, correct, 19 telling me that it would be done in two weeks. 20 because they didn't -- there wasn't -- there wasn't 20 Q. Fair enough, and that's what -- I'm just 21 any decision to refer it until May 8th? 21 trying to understand, myself, because to me it seemed 22 A. I'd have to check with legislative council, 22 like rocket speed, but if you -- if you -- if that 23 but... 23 statement is based on the Speaker's statement to you 24 Q. Okay, so we have essentially May, June, 24 that it would be done in two weeks, I just want to 25 July, right, less than three months? 25 know that. Page 111 Page 113 1 A. (No audible response.) 1 A. Yes. 2 2 Q. And I want to know, based on your Q. Okay. 3 experience in the legislature, has any ethics 3 A. Yes. 4 4 investigation been concluded in a three-month period Q. And that's really the sum and substance of 5 to your knowledge? 5 the entire position that, in your view, the 6 A. I don't even know if -- I don't know. I 6 investigation was not prompt, the representation to 7 couldn't give you that information. 7 you by the Speaker that it would be done in two 8 8 Q. Well, you remember the Senator Griego weeks? 9 9 investigation, correct? You remember hearing about A. You asked about do I think this was 10 that, Phil Griego? 10 politically motivated. I think this --11 A. Yes, I remember hearing about that. 11 Q. Well --12 Q. Do you have any understanding how long that 12 A. -- lends -- I think this lends proof to it. 13 took while the legislature was in session? 13 I mean --14 A. What I remember -- yeah, I don't know. 14 Q. Okay, well, tell me -- tell me why. 15 What I remember is we're busy during the House, and 15 A. Well, I think that, you know, it comes out 16 something came up and he resigned, and that's -- the 16 two weeks and you get promised it's going to be done 17 rest is what I heard in the media, but I can't 17 before the election. 18 recall. 18 Q. So, again, my question goes back to who was 19 19 O. Do you consider the referral -- the time politically motivated. Are you now suggesting that 20 between the referral on May 8th from leadership to 20 the Speaker of the House was politically motivated to 21 the investigative subcommittee and the time special 21 drag this out past the election so that you would 22 counsel issued its report on July 27th to be an 22 suffer? 23 23 inordinate length of time to conduct an A. What I can say now, as you bring back this 24 24 investigation? and I look back, you know, the -- the Julianna Koob 25 A. Well, when the Speaker of the House tells 25 and -- after we obtained the documents from this

Okay, so you believe she's not telling the truth? A. These did not happen. Q. I know you said it didn't happen, but sometimes things didn't happen because people	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	allegations. Q. I understand that. So maybe we'll put it a different way. With the proviso that you believe 100 percent that the events as alleged by Ms. Bonar did not happen, you are nonetheless not accusing her of lying, are you? A. Well, she put a statement out saying these did, so as you can as you may choose to interpret it. Q. How do you interpret it? A. Just that I know 100 percent that I did not do these, and Q. So do you have any view at all as to whether she is lying? A. I can't speak for her. Q. I'm not asking you to speak for her. I'm asking you to speak for you. A. And I think I have, I think I've said 100 percent that I did not do what she's alleged that I did, and I stand by that. Q. Okay. Fair enough. You're not going to take the position in a hearing that Ms. Bonar is lying about these matters as has been reported you
